

## \$100,000 Industrial Development Group Is Recommended by Commerce Committee

### Steelman Is Told to Work Out Strike Settlement Today by President Truman

#### Liquor Unit Says It Has No Policy About Bargaining

Also Says Group Is Not Opposed to Unions; Tells Why Bid Rejected

The stormy controversy between the Hotel and Restaurant Workers Union, Local 666 and the Ulster County Liquor Dealers Association, currently centering around the Stuyvesant Hotel, continued unabated today with charges voiced by both sides.

In a prepared statement to The Freeman drafted at a long night session of the Board of Directors of the Liquor Dealers Association, the dealers reiterated their stand that the association has no policy which prohibits an individual member from bargaining with a union.

"The association is not opposed to unions or unionization or any program of collective bargaining," the statement said. "The association has no rule which would prohibit any member from bargaining with any individual or association, and the association has no intention of doing so."

President Teetsel asserted that the Board of Directors of the association had unanimously rejected a proposal that the group bargain for the entire association with officials of Local 666.

No Useful Purpose

"It was felt that such a meeting would serve no useful purpose."

#### Hotel Picketing Foregone for A.F.L. Union's Dinner

Picketing of the Stuyvesant Hotel by Hotel and Restaurant Workers Union, Local 666, was postponed today in order not to embarrass a member A.F.L. union, George E. Yerry, business agent of the Kingston Metal Trades Council, said this morning.

The union affected is the Brotherhood of Railway Clerks which is scheduled to hold a dinner at the Stuyvesant tonight at 7 o'clock.

John Showers, protective chairman of the Brotherhood of Railway Clerks in this area, confirmed a statement by Mr. Yerry that the dinner would be canceled if the railway clerks were compelled to cross picket lines.

"Our organization asked Mr. Yerry to postpone picketing of the Stuyvesant," Mr. Showers said. "We felt that since we are both A.F.L. unions an extremely embarrassing situation would be created if the picketing developed."

Notified Eisler

Mr. Showers said that he had notified Fred Eisler, manager of the Stuyvesant, that the dinner would be canceled if held at another place, if the Stuyvesant was being picketed.

The railway clerk secretary said his union was gratified at Mr. Yerry's favorable reaction. The Brotherhood of Railway Clerks in this region is made up of members from Cornwall to Ravena. Mr. Showers said the dinner meeting had been scheduled for quite some time and would feature an address by Mayor Keating, railway expert who would discuss the railroad problems encountered in Europe during the war.

Mr. Yerry declined to predict when the picketing would start. In a statement yesterday he declared that picketing would begin at the convenience of the union and at a time when it would best serve the union's interests.

Treasury Receipts

Washington, Sept. 12 (AP)—The position of the treasury September 12 receipts, \$265,344,046.03; expenditures, \$212,772,744.31; balance, \$52,571,301.72; customs receipts for month, \$11,511,909.95; receipts fiscal year July 1, \$3,691,067,564; expenditures fiscal year, \$7,605,944,907.40; excess of receipts, \$1,914,438,191.75; total debt, \$265,745,760,346.33; decrease under previous day, \$64,824,794.98; gold assets, \$20,287,

#### Can Either Agree With W.S.B. or With Strikers

Ross Says Reconversion Director Is Acting Under Wage-Price Order of Last February

Washington, Sept. 12 (AP)—President Truman has instructed Reconversion Director John R. Steelman to take charge of the crippling maritime strike situation and try to work out a settlement today.

This announcement was made by Charles G. Ross, presidential press officer, who told reporters that members of the Wage Stabilization board, which last night refused to approve an A.F.L. seamen's wage increase, were now giving a full report to Steelman. "It is up to Dr. Steelman to make a decision, probably in the course of the day," Ross said.

As the spreading waterfront walk-out threatened to shatter the entire Truman wage-price stabilization program, Ross told newsmen that Steelman has two courses open.

"One obviously is to approve the finding of the Wage Stabilization Board and fight it out, with all the usual delays," Ross said. "The other is to agree with the Maritime Commission—and the unions and the industry—as against the W.S.B."

"Those are the alternatives," Ross emphasized that Steelman is acting under authority of the wage-price executive order of last February which subjected wage increases to federal approval before they could be used as a lever to raise prices or to increase charges against the government.

Steelman also is acting on his responsibility to coordinate disputes between government agencies, Ross said. This issue arises in the conflict between the Maritime Commission, which espouses the A.F.L. viewpoint, and the W.S.B., which ruled last night that two A.F.L. seafaring unions are not entitled to higher wage increases than C.I.O. unionists were granted in June.

No Discussion on Operation Steelman's ultimate authority reposes in the Second War Powers Act, Ross said, but he added he was not prepared to discuss the possibility of government operation of the shipping lines.

The conflict between the Maritime Commission and the W.S.B. brought a new angle into the lime-light of the all-coast dispute. The Commission is a party to both the C.I.O. and A.F.L. wage contracts, since it still controls most of the merchant fleet.

By throwing its support in favor of the higher A.F.L. pay settlement, some observers believed the Commission would make it easier for the White House to yield to the union demands if Steelman decides to deviate from the "wage control" program.

Truck Flow Increases Police reported that the early morning traffic flow was increased.

### Beef, What Little There Is, Is Moving East; May Mean Black Market Is Busy

Chicago, Sept. 12 (AP)—Chicago, the nation's largest meat packing center, has become a whistle stop for cattle on their way from ranges and farms to the east—Boston, New York, Philadelphia.

The situation is a repetition of conditions which existed under previous O.P.A. price ceilings and which led to charges there was a rampant meat "black market" in the eastern section of the country.

Least easterners become excited over prospects of more meat, the Agriculture Department noted that slaughter cattle arrivals are at record low levels—the east is getting most of them, but it isn't getting much.

L. M. Wyatt, head of the Production and Marketing Administration livestock branch, said the situation at Chicago was duplicated at other midwestern markets. The bulk of the few cattle available, he said, were merely moving through the major live-stock terminals.

Record low runs and eastern shipment were shutting down many small packing plants and

#### City-Wide X-ray Survey Sponsored By Board of Health

Food Handlers Are Among Those Who Can Get Free X-rays at Clinic

The Board of Health is sponsoring a community mass chest X-ray survey in Kingston, it was announced today by Dr. John F. Larkin, health officer. The survey will be held on Monday, October 7, in the city's Health Center, 25 East O'Reilly street.

In announcing the survey, Dr. Larkin pointed out that so far city employees, school children and personnel, and postal employees have already been X-rayed.

The coming survey will include, said Dr. Larkin, the food handlers in hotels, restaurants, at soda fountains, and in stores where food is handled. Full cooperation has been assured the health officer by owners and managers of hotels and restaurants.

Dr. Larkin said that there is no charge for the X-ray, since the cost is being borne by the Ulster County Tuberculosis and Health Association through the sale of Christmas Seals.

The health officer said that inquiries have been received from beauticians and barbers as to their being X-rayed, and pointed out that anyone in the city is eligible to avail themselves of the service.

#### Italy Asks Navy Strength Be Put At 35,000 Figure

Final Plea Is for Added Crew of 12,500 Over Big Four Quota for Nation

Paris, Sept. 12 (AP)—Italy sought permission of the 21-nation peace conference today to increase the effective strength of her projected peace-time navy from 22,500 officers and men—the figure fixed by the Big Four—to 35,000.

The Italian delegation prepared to present to the military commission—which approved the Big Four recommendation on September 3—a request for the increase of 12,500 in a final plea today for "defensive armaments," together with a plea that the excessive shipping which the victor nations demand Italy destroy, be converted to scrap iron rather than become a total loss.

At the same time, Dr. Ales Bebler of Yugoslavia was scheduled to wind up Yugoslav demands on Italy before the Italian political and territorial commission with a demand that the Italian city of Trieste, which lies about 17 miles from the northwest of Trieste and about the same distance southwest of Gorizia, be turned over to Yugoslavia.

Bebler was prepared to ask for that city, which he calls Trzic, on the ground that the city's population has increased by 8,000 Slovenes since it became Italian and that even the "Italian population now wants to become part of Yugoslavia."

In addition to seeking an increase in naval strength, the Italians also readied a plea that the military commission permit them to keep artillery emplacements which are incapable of firing beyond Italian borders or Italian waters.

The commission already has approved treaty draft clauses calling for destruction of long range artillery emplacements along the Italian borders.

To Ask Permission The Italians also intended to ask the commission for permission to have in their post-war air force some fighter bombers to be used "defensively," and some self-propelled missiles they said they would use only as anti-tank and anti-aircraft weapons. Such instruments of war are specifically barred by Big Four treaty drafts, which have been approved by the military commission.

On another phase of the Italian treaty, a nine-nations subcommittee worked into the early hours of this morning on reparations claims against Italy and invited Ethiopia, France, Britain, Yugoslavia, Egypt and Holland to state their cases before it. The United States yesterday renounced all claims for reparations from Italy.

The Italian political commission, splitting along east-west lines, voted down 11 to nine a Czechoslovak proposal to set up a subcommittee to study the Italy-Yugoslav border.

Then the commission proceeded to a hearing on the White Russian proposal to alter the so-called "French line" in Venezia Giulia to give more land to Yugoslavia.

K. M. Kisselev of White Russia spoke in support of his plan, which also called for limiting the size of the free area of Trieste to its city limits.

Offers Amendment

Hildebrando Acioly, of Brazil, offered an amendment which called for adding western Istria to the free territory of Trieste as "compensation" to Italy for other territorial losses and giving Italy Gorizia and the hydroelectric plant on the Isomzo. His proposals generated a heated discussion.

#### Dempsey Asks Action In Renewing Licenses

"Automobilists whose operators' licenses expire September 30, are slow in renewing them," said Deputy County Clerk E. J. Dempsey in charge of the motor vehicle bureau, today.

Mr. Dempsey urged that all automobilists whose licenses expire the last of the month renew them now, instead of waiting until the last minute rush.

#### Serves Eviction Notice

A British Ministry of Works official (right foreground) waits to climb through a window of the Duchess of Bedford House in London to serve an eviction writ on "squatters" who have taken up quarters in the seven-story building now leased by the government. Another official is climbing through the window. (AP Photo by radio from London to New York)

#### Squatter Move Is Not Likely in U. S.; London Situation

Veterans Disagree With Rep. C. B. Luce; Starve 'Em Out Plan in Britain

Washington, Sept. 12 (AP)—Veterans' leaders see scant possibility of London's "squatters" invasion" spreading across the Atlantic.

Rep. Clare Boothe Luce (R-Conn.) got pledges of cooperation from her appeal to six veterans' organizations yesterday to intensify their housing efforts and thus voluntarily head off a similar uprising or possible "government seizure and allocation of vacant property."

But the veterans' organizations disagreed in general with her view that "Communist elements" might attempt a squatters' movement. The problem can be solved by legal means, they said.

The Veterans of Foreign Wars noted that V.F.W. already has recommended condemnation of vacant houses if necessary to shelter veterans and their families.

No Unfavorable Signs

"There are no signs of any move by American veterans to take over property illegally even in the most critical housing areas," said a statement by Gilbert Harrison of New York, national chairman of the American Veterans Committee (A.V.C.).

"Where unused housing exists, however, and voluntary action to make it available is not forthcoming, the veterans are certainly entitled to ask action by their elected representatives on the local, state or national level to meet the situation."

National Housing Expediter Wilson W. Wyatt withheld comment on the English disturbances, saying only: "I have confidence in the American veterans' organizations."

The AMVETS (American Veterans) continued on Page Fourteen

#### Lions Club Gets School Auditorium For Play October 5

Education Board Reverses Stand on Use of Hall for Presentation of Comedy

The Board of Education yesterday granted use of the high school auditorium to the Lions Club for a special performance of "Life With Father" on October 5, reversing previous denial decided upon at the special meeting of the board Tuesday night.

Reversal of the Board of Education's stand followed quickly on the heels of a special meeting by the directors of the Lions Club at noon yesterday.

The board denied application for use of the auditorium on the grounds that the Lions Club originally requested and a subsequent one did not specify in detail the manner in which profits of the performance would be used.

Members of the Lions Club yesterday drafted a third request and notified President Bernard Feeney of the board of its contents. It appeared to meet all requirements of the state education law and Mr. Feeney then polled the trustees of the Board of Education for a decision. The Lions Club agreed that the application in its newly drafted form was acceptable and the Lions were granted use of the auditorium.

Lions Pleased

Lions Club officials expressed gratification at the board's action and said they would intensify efforts to make the road show a bigger success than ever.

According to the terms of the new request, the entire net proceeds of the "Life With Father" show will be used for the Lions sight conservation program.

Plan Sight Room

The Lions Club will use the proceeds to establish a sight conservation room.

### Street Traffic Committee Is Urged by Commerce Group

The Chamber of Commerce's Transportation Committee Tuesday night urged the designation of a Street Traffic Committee to study the feasibility of improving local street transportation facilities.

The Transportation Committee, headed by Bert Bishop, chairman, suggested that certain members designated as a Street Traffic Committee make recommendations on such problems.

The committee also urged that public officials be added as honorary members in order to assist in improvements desired on the street and traffic problems. Recommended as honorary members were the superintendent of public works, chief of police, chairman of

### Would Have Big Plant Built Here

Three-Way Cost Share Angle Recommended; \$40,000 Suggested as Original 'Kitty'

#### Would Buy Field

Proposal Is Advanced for Purchasing Old Athletic Field

Formation of a non-profit corporation to be known as Kingston Enterprises Incorporated or the Kingston Industrial Development Corporation to be organized for the acquisition of lands and the construction of buildings suitable for new manufacturing industries was recommended in a report of the Industrial Procurement Committee of the Chamber of Commerce to the Chamber's Board of Directors Tuesday night.

The report was one of four approved by the directors and covered subjects that will form the basis of Chamber of Commerce operations for the next three or four years.

Adoption of an Industrial Development Plan for a fund to erect a factory of from 20,000 to 30,000 square feet.

A reservation was made that the plan should not be put into effect until building materials appeared to be available and the Civilian Production Administration regulations amended.

Total cost of the entire enterprise is estimated at \$100,000. Previous experience reveals, the committee report said, that a company would finance up to 20 per cent of the cost. Kingston Enterprises would finance 15 per cent and local financial institutions would be asked to finance the remaining 65 per cent.

An initial sum of \$40,000 was recommended by the report. It was proposed that a campaign be conducted by the Chamber of Commerce to raise the goal of \$40,000 in the following manner:

Subscriptions Invited

Business concerns and the public of Kingston would be invited to subscribe to the fund in minimum amounts of \$10-\$20 or more.

Other methods may be proposed for use of the fund. The psychological benefit of enabling citizens to make a small subscription and thereby have a voice in the corporation and participate in the profits or losses would allow all Kingstonians to feel that they had a part in the future of the community and also would eliminate current talk that certain groups hold back the community.

It would be understood that these subscriptions would amount to donations for the industrial growth of the city. The subscriber would, however, be issued common stock without par value at which the termination of the corporation's usefulness would share proportionately in the assets of the Kingston Enterprises Incorporated.

It was proposed that the Board of Directors serve without pay and would be elected by members of the corporation and that the Board in turn would elect officers from its membership. Directors would be required to be stockholders of the corporation.

The committee report said that modifications of this plan have been successfully adopted by other cities and it was suggested in order that every gainfully employed individual might have a part in increasing the number of job opportunities for his children or relatives.

Are Given 'Go Ahead'

The Industrial Procurement Committee, headed by James D. Ditts and a special subcommittee headed by Schuyler Schultz, Jr., assisted by Walter Cautz and Lloyd LeFevre, were given the green light to establish an organization which would be ready to conduct a campaign for funds.

The Industrial Procurement Committee, in its report, said that "the present time is a particularly opportune one for such a plan."

More than 20 other firms, the report continued, have made contact with the Chamber of Commerce during the first six months of 1946, requesting building space of from 3,000 to 4,000 square feet. The most desirable require from

### Hughes Completes Cross-Country Flight

New York, Sept. 12 (AP)—Howard Hughes, "lonely industrialist" and movie producer, landed his Lockheed Constellation shortly before midnight to complete his first cross-country hop since his near-fatal crashup in an experimental plane in California two months ago.

Hughes, flying his own converted B-23 two engined transport, completed the flight from the coast in two hops, the first taking

him to Kansas City Tuesday where he stopped for 23½ hours. Asked "how he got the nerve to fly again" after his crash, Hughes replied: "What are you supposed to do—spend the rest of your life in a wheel chair?"

He said he would confer here with his attorneys to "push" litigation regarding his motion picture, "The Outlaw." The Motion Picture Producers Association has charged that Hughes failed to obtain approval for advertising and publicity material used in publicizing the film.

Cotton moths migrate north each fall into the face of advancing winter—and death.

### SHOKAN

Shokan, Sept. 11—Mr. and Mrs. Harry Merritt, formerly of Kingston, called on friends here Thursday. They have made their home in Florida for the past several years, but occupied an apartment here during a part of 1945.

Miss Charlotte Welch of Kingston was a guest recently at the home of Mr. and Mrs. Justus North.

Leon P. Sanky of Kingston, who died September 3, rented a bungalow in Shokan several years ago. Mrs. Sanky and her daughter, Mrs. L. Kipp, made their home here for a time while their husbands were employed elsewhere.

Mrs. Oscar Ganter and son, Emmett, of Poughkeepsie, are spending a few days at their place on the old state road.

Mrs. Philip Choppy and son have returned to Long Island after having been at the George Giles home for the past two months.

September 10, 1860, an exhibition by a lady tight-rope artist at the old grist-mill store in Shokan had an unhappy sequence. A young fellow named Robert Winchell, in an attempt to emulate the artist's skill, fell from the rope and broke an arm; gangrene set in and Robert died six days after the accident.

Mr. and Mrs. John Bennett, of Wappingers Falls spent Sunday with Mrs. Bennett's grandmother, Mrs. B. Nadal.

Norman North, who served in the navy during the war, is employed by the Combustion Engineering Company, Madison avenue, New York. Norman's sister, Miss Nancy North, has employment in a secretarial capacity with the Kingston Coal Company.

Edward C. Boslock, a summer resident has bought the George Giles woodlot of 28 acres in the Back Brook section of Olive. The tract, which runs up the mountain side, was owned by the late David Furman, father of Mrs. Jarvis Bell of Kingston.

Members of Boy Scout Troop 63 of Shokan have widened and otherwise improved the old trail leading from the Roul Bell place to the crest of High Point, famed 2738 foot peak which commands a view of several eastern states. Scoutmasters Frank Avery, veteran of the war in the Pacific, and Herbert Wells supervised the boys in this commendable undertaking. An interesting incident featured one stage of the operations. The Scouts, having placed a flag on the adjacent Little Round-Top Mountain, one of these possibly being the youngest which two Shokan boys encountered, and chased for some distance last summer. High Point is the second trail to be improved by the local Scouts, the other one being the "Van Benschoten Trail" up the east side of Wittenberg Mountain.

George Dibbell, native of Shokan and World War I veteran, spent the week-end with Mr. and Mrs. Herbert Dibbell. He has been employed in the metropolitan water supply department for more than 20 years and attended the clam bake of city employees at Lackawack Friday.

Mr. and Mrs. Edmund Gearon have returned to Brooklyn after having been at their summer home here all summer.

Wild grapes along the old stone walls are turning purple and there is a good crop of them this season.

Mr. and Mrs. Raymond Cruikshank, summer residents of Broadhead, called on Mrs. John Rainey.

### TRUMAN GREETES MONTY

President Truman (left) smilingly greets Field Marshal Bernard Law Montgomery, as the chief of the British general staff visits the White House. This handshake occurred on the south grounds of the executive mansion. (AP Wirephoto)

Saturday. They were driving one of the new model Buick sedans.

Walter Eckert, well known Wittenberg bee keeper and fox hunter, is landscaping his property along the Ashokan road.

September 11, 1867—Joseph M. Morrison of West Hurley and Mary J. Osborn of Olive were united in marriage by the Rev. O. P. Crandall, pastor of the West Hurley M. E. Church.

Not many fish are being caught in the Ashokan east basin, according to reports. A local man fished six hours in a hot sun, getting one pike and one bass, while his boat-campanion caught nothing.

The Ruckert summer boarding house is closed following a successful season.

Mrs. Henry Gebbelein and grandson, Harold Carlson, left Sunday for New York, where they will spend the winter with Harold's parents, Mr. and Mrs. Theodore Carlson, in the Flatbush section of Brooklyn. Mr. Gebbelein plans to remain here until after Election Day.

Dan Soper, who according to The Freeman is retiring after more than 40 years of railroading through this section, is recalled by old timers as one of the snappy ball players of the Old Olive Branch team some 45 years ago.

Mr. Soper and his brother, Police Officer Elbert Soper, are sons of Mr. and Mrs. Daniel R. Soper, whose farm home and 38 acres lay along the Plank Road, a short distance below the present Ashokan railroad depot.

One Plate—No Fading  
Old Forge, N. Y., Sept. 12 (AP)—New York motorists will continue to have single license plates in 1947. State Motor Vehicle Commissioner Clifford J. Fletcher said yesterday that a continuing shortage of steel made the plan necessary, but that the plates would not fade as do present plates. He addressed the annual convention of the New York State Automobile association.

Relief to Be Sold  
Malaya no longer needs relief supplies, which have been distributed by the government hitherto, Singapore reports. Surplus relief goods now on hand, it is indicated, will be handed over to members of the British Association of Straits Merchants, for commercial distribution, at a fixed rate of commission.

### Conference Calls For Bigger Plan On Reforestation

Inlet, N. Y., Sept. 12 (AP)—A state-sponsored forestry conference has called upon New York to double its reforestation program on sub-marginal land and adopt an extensive safety program to reduce the accident rate in sawmilling, logging and lumbering.

A resolution, adopted by the conference yesterday, urged acquisition of 500,000 acres of sub-marginal land at the rate of 50,000 a year with an annual appropriation of \$1,500,000.

The state already owns 500,000 acres of such land which it has reforested.

The conference, attended by legislators, foresters, lumbermen, farmers and conservationists, was called by the forestry subcommittee of the joint legislative committee on interstate cooperation.

The group also urged stabilization of taxes on private forest lands to encourage sound long range tree farming projects and called for a "substantial increase" in the number of farm foresters to assist in the development of 4,500,000 acres of privately-owned farm woodlands.

The group also urged stabilization of taxes on private forest lands to encourage sound long range tree farming projects and called for a "substantial increase" in the number of farm foresters to assist in the development of 4,500,000 acres of privately-owned farm woodlands.

**"Here's why new residence telephone service is party-line only"**

It's simply a question of making available telephone facilities serve the greatest number of families who want a residence telephone. By sharing such facilities, many families now have service who otherwise would have been obliged to do without.

For some time past our central offices have been serving more customers than they were designed to serve. Yet even now many of your neighbors do not have a telephone. Before we can furnish service to the hundreds still on our waiting lists a lot of new equipment—switchboards, wire and cables—will be needed. This we are working at top speed to obtain and install.

Meanwhile, only party-line service can be furnished in most communities. And, of course, it will be impossible for us to convert party-line service to an individual line until every one on our waiting list has been given a telephone.

**NEW YORK TELEPHONE COMPANY**

**"Letter follows"**

You get a telegraphic story in those ten words:

## Carlson Says U. S. Must Combat All Who Instill Hate

**Author Speaks at School Auditorium. Outlines Methods of 'Under Cover' Agents**

To combat the forces who are "instilling hate in a citizen against his fellow citizen" is the vital problem facing American democracy today, John Roy Carlson reported last night in his lecture, "Fifth Columnists in America." The lecture, sponsored by the local lodge of B'nai B'rith, and held in the Myron J. Michael School Auditorium, was free to the public as the first of such programs to be presented by the lodge this season.

Author of the well-known book, "Under Cover," Mr. Carlson is continuing his work of revealing subversive activities in America. During last night's lecture he referred to a number of these movements and spoke of them as using "paper bullets" of hate and propaganda to live at all Americans to sabotage the peace.

He compared their devices to those used by Hitler, Goebbels and Goering, "to sicken the minds of the people . . . spread distrust . . . break faith in humanity and the government." He cited statements being made of the superiority of one group over another.

**Spreads Quickly**  
Mr. Carlson did point out that these movements are not under any central head as yet. "But what makes it dangerous is that this hate movement is a fast-spreading, disorganized movement." He traces the start of the

movement to Hitler's men sent to America for just such a purpose. He urged all Americans to combat this evil through public opinion and keeping themselves informed by reading articles of reliable authorities. He urged citizens to ally themselves with truly democratic groups.

He believes the best way to contend with these enemies, including Communism, is to make democracy work. "Give people jobs and bonuses, security and something to work forward to . . . as long as there are injustices and oppressions, there will be movements to come up promising everything."

**Cites Groups**  
In his portfolio of clippings and leaflets from some of the organizations, Mr. Carlson noted statements against Catholics, Jews, democracy, race and creeds in America.

For an example he read a statement against democracy from the "X-Ray," publication of Court Asher in Muncie, Ind., "to devil with democracy the more word has become a stench and a bomb, democracy is Communistic; democracy is Jewish; democracy is decadent; democracy is weak."

Anti-Semitic statements were read from "The American" published in Joplin, Mo.; Anti-Catholic statements in "Kingdom Digest" published by a veteran. Mr. Carlson reported the object of Joe McWilliams of the American First Committee, as "to start anti-Jewish fires from coast to coast."

Speaking of the groups in which this type of movement holds the most influence, Mr. Carlson said that they were the masses of people, simple minded and with limited education. As a person who might appeal to such a group, Mr. Carlson mentioned Frederick Kessler who is working with Gerald L. K. Smith.

Sometimes well-meaning people are misled, Mr. Carlson warned as he spoke of the recent, Friends of Frank Fay meeting in New York city which was actually a Communist meeting. He mentioned ministers of the gospel such as the Rev. William L. Blessing of Denver, Colo., publisher of "Showers of Blessings," and former member of the Ku Klux Klan, who boasts that he will join the Klan again at the first opportunity.

Another "superior" group with a religious aspect is the Rev. Dr. Howard E. Rand's Anglo-Saxon

Federation or British Israel Movement at Haverhill, Mass. This movement explains that the Anglo-Saxons are the true Israelites and excludes all Jews and Catholics. Mr. Carlson also mentioned "Protocols" in connection with publications on the history of the Jewish race. This booklet he believes practically became the Nazi bible.

Not omitting women, Mr. Carlson named Marilyn R. Miller of Salt Lake City as a promoter of Jewry. Through her publications she advocates war against Communists and anti-Christians. The Pro-American Vigilantes in Salt Lake City have grown with her blessings. The group through secret raiding parties destroys those who do not agree with them. A former Catholic priest, the Rev. Father Arthur W. Temmeleio is also active in this organization.

Mr. Carlson also spoke of the undemocratic methods of Senator Bilbo and his state of Mississippi.

The question period which followed elicited more of Mr. Carlson's views on specific people and groups. He explained that Father Coughlin's Christian Front movement was an attempt to establish Francoism in America. The Christian Sports Club of this movement was continually gathering firearms for future use. Mr. Carlson reported as he explained that he had been a member of the group.

**Democratic Groups**  
Questioned as to some leading groups for democracy, he named the nation-wide, "Conference of Christians and Jews," "Common Council for American Unity," and "Council Against Intolerance." He spoke of the need for a youth organization for democracy. He urged Americans to return to the middle road democratic way of life and not to any extreme form of government.

Mr. Carlson made it clear that he believed in the capitalistic system but that it had its failings. "The profit motive must be maintained but it must not be allowed to degenerate into a monopoly," he emphasized.

Mr. Carlson was introduced by Arthur B. Ewig, chairman of the lecture program. Mr. Ewig announced that the lodge believed in enlightened public opinion and that to supplement the reading and radio talks a more personal contact with today's events could be made through the lecturer. President Sigmund Rudolph of the B'nai B'rith lodge here, welcomed the audience.

**Mrs. Drachman Dies**  
Tucson, Ariz., Sept. 12.—Mrs. Ethel Morton Drachman, 81, pioneer Arizonan and heroine of the novel and play "Chicken Ery Sunday," written by her daughter, died here last night.

**SINUS, CATARRH SUFFERERS FIND CURE**  
FOR MISERY DUE TO NASAL CONGESTION  
Supply Kaskol Hore—Sufferers Relieve  
Relief at last from the torture of sinus trouble, catarrh, and hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women who suffered with agonizing sinus headache, clogged nostrils, ringing ears, hawking and sneezing misery now tell of blessed relief after using it. KASKOL, costs \$2.00, but considering results experienced by users, this is not expensive and amounts to only a few pennies per dose. KASKOL, fraction, use only as directed. Is sold with strict moneyback guarantee by UNITED CUT RATE PHARMACY—324 Wall St. Mail Orders Filled.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

By Jimmy Hall

I wonder if you would mind putting this "LOST" notice in your front window?

Returned Service Man--They say the way to a man's heart is through his stomach, and also that an army fights on its stomach. Sweet Young Thing--Yes, all's fare in love and war.

Dick--How did you get on with Jeanette?

Jack (ardent young lover, sighing)--I started off well. I said I was knee deep in love with her.

Dick--Sounds all right! What was her reaction to that?

Jack (grimacing)--She promised to put me on her wading list.

One of Henry Ward Beecher's favorite stories was about a young man who was applying for a job in a New England factory. Asking for the owner, he found himself in the presence of a nervous, fidgety man who looked hopelessly dyspeptic.

The only vacancy here is a vice-presidency. The man that takes the job must shoulder all my cares.

Applicant--That's a tough job. What's the salary?

Factory Owner--I'll pay you ten thousand a year if you will really take over all of my worries.

Applicant (suspiciously)--Where is the ten thousand coming from?

Factory Owner--That, my friend, is your first worry.

A man, whose name we do not dare to publish, says the reason he likes a corn-fed girl is because it is easier to live with 150 pounds of curves than with 100 pounds of nerves.

Right now there is no place a fellow can go to have his faults mended except to jail.

Wife--Oh, Carl, there was once a time when you used to stroke my chin so lovingly. You don't do it any more.

Husband--Yes; but that was when you had only one.

Too much care may be as bad as downright negligence.

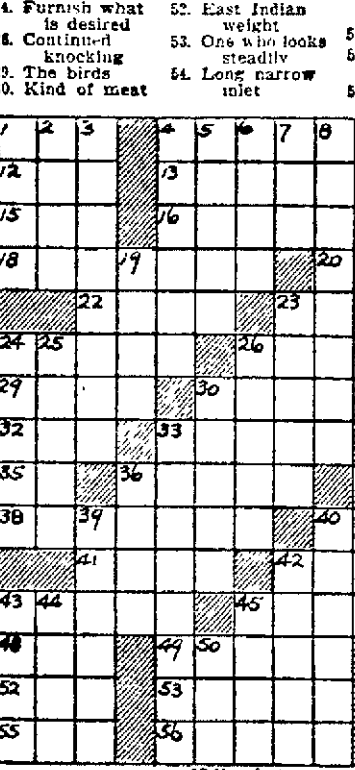

Girl--Jack, are you sure it's me you love and not my clothes?

Returned Service Man--Test me, darling.

# STAMPS in the NEWS

Some six years later, Guatemala has issued three stamps which mark the 100th anniversary, in 1940, of the postage stamp. The delay apparently was due to World War 2 and the fact that the stamps were printed by a firm in Holland. Presumably the German invasion of The Netherlands prevented delivery of the stamps until this year. Only one change has been made in the original designs--the five-centavo denomination intended for ordinary postage has been overprinted "AEREO" to make it valid for airmail use. All three stamps bear the inscription "1840 Centenario del Sello Postal 1940." Values, colors and designs are: one-centavo dark violet and slate violet, monument erected to the Universal Postal Union at Berne, Switzerland; five-centavo grayish blue and reddish brown portrait of Sir Rowland Hill, originator of the postage stamp; 15-centavo airmail, red and violet, the two hemispheres and a quetzal bird in flight.

Pafnutiy Lvovich Chebichev, 19th century Russian scientist, is honored by two new stamps of the Soviet Union. Marking the 125th anniversary of his birth in 1821, the portrait stamps are inscribed "The Great Russian Mathematician." Chebichev, who died in 1894, wrote on a wide range of mathematical subjects, including the theory of probabilities, quadratic forms, theory of integrals and the construction of geographical maps. Values and colors of the stamps are 30-kopeck brown and 60-k black.

Collectors of special cancellations and covers can obtain one marking the 50th anniversary of rural free delivery service in this country by mailing covers bearing three cents in stamps to the postmasters at Charles Town and Hallsboro, W. Va., up to October 1.

The tercentenary of the death of Maria Ana de Jesus de Paredes y Flores in 1645 has been commemorated by Ecuador with eight stamps, according to J. H. Stelow of New York. Called the "Lily of Quito," the saint was beatified in 1853. Values of the stamps are 10, 20 and 30 centavos and one sucre postage and 40 and 80-c and three and five sucres airmail.

—George A. Scott.

Shacht Went for Ride  
A German now living in Basle, Switzerland, recalls that while Hitler was alive his finance wizard, Dr. Schacht, was once asked what his position was like. He is said to have answered: "Exactly like a passenger in a street car, where it says on the front, 'Do not speak to the driver (Fuehrer)'; on the back platform, 'Do not get off while the car is still in motion'; and inside, 'Have exact money ready.'"

A fly that resembles a honey bee and that lays eggs in carrion is responsible for the myth that dead oxen are transformed into bees.

LIBERATE: to set free. (Webster's)

FREEMAN CLASSIFIED ADS ARE BARGAIN-HUNTERS

**Cheaper Fruits in Progress**  
Washington, Sept. 12 (AP)—More and cheaper canned fruits are in prospect. The Agriculture Department reported today that this year's pack is expected to set a new record with slightly lower prices a possibility. Significant increases are expected, the department said, for canned apples, apricots, sour cherries, peaches, and

canned citrus segments. Likewise, some increase in imports of canned fruits, especially pineapple from Hawaii, was forecast for the year ahead.

**Invitations Accepted**

New York, Sept. 12 (AP)—Lt. Col. Whitney Stone, national horse-show president, announced today that teams from the United States, Canada, Mexico and Peru

had accepted invitations to compete in the international jumping contests. The show will be held in Madison Square Garden November 4-9.

**Man Is Drowned**

Lake George, N. Y., Sept. 12 (AP)—John Ward Upright, 37, of Stamford, Conn., was drowned in Lake George last night when his

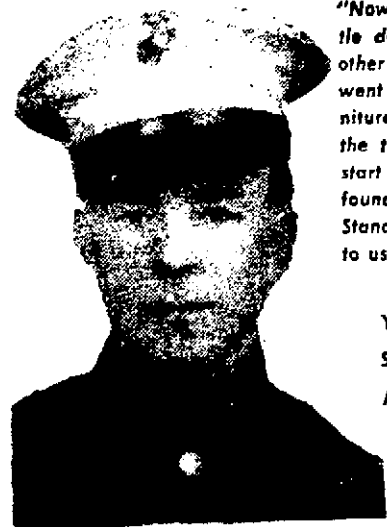

canoe capsized near Diamond Point. California occupies more than one-half of the Pacific coastline of the United States.

**Killed by Tortoise**  
Aeschylus, Athenian Greek poet, is said to have been struck on the head and killed by a tortoise that fell from the claws of an eagle in the sky above.

# Teen-Age Experiment of National Proportions at West Hurley

## Camp Is for Low Income-Bracket Bronx Children

## Camp Juvenile Is Designed to Give Youngsters an Opportunity to Receive Camping Recreation

A teen-age experiment of national proportions is taking place at West Hurley in Camp Juvenile. Under the guidance and supervision of the Juvenile House, a social service center for teen-agers in a low-income bracket Bronx neighborhood, Camp Juvenile, which first broke ground exactly ten years ago, is a summer camp designed to give neighborhood youngsters, who might otherwise never have been financially able to manage it, an opportunity to get camp recreation. Most important, however, are the invaluable lessons in self-sufficiency which these children are learning under the guidance of Louise Meyerovitz, social service executive and director of Camp Juvenile.

Self-sufficiency is exemplified daily in the chores of the young campers. Not only have these youngsters built everyone of the nine cabins themselves, but they have constructed the office building, laid some 500 feet of sewer pipe, leveled the grounds, built the roads, and daily prepare and serve every meal, cleaning up the mess hall and kitchen thereafter. The only implements furnished were the basic tools, and others have been hand-fashioned from materials on hand.

Democracy is a basic feature of the educational program. Each cabin selects a "Senator" who governs that cabin. All the Senators constitute the governing body of the entire group. Other than a counselor for each cabin (a college boy or girl majoring in social science), these children see no adults except Miss Meyerovitz, the chef and nurse, and a few discharged and wounded vets, who, as former campers, are the honored guests of the camp.

It isn't all work at Camp Ju-

Miss Meyerovitz is shown registering twelve-year-old Evangeline DeValle and Walter Baratz, age 14, at the teen-age camp here. And Walter and his bunkmates, Frank Messina and Harvey Orner, are painting their cabin in the upper photos.

Retreat brings the camp to attention as Old Glory comes down. Two fresh-

An intra-camp basketball tournament game is underway in the other center photo. In camp kitchen peeling potatoes are campers preparing the meal while the young men are shown chopping wood in the lower photos.

## Dr. John Buck Developed Vaccine for Bang's Disease

By FRANK CAREY

Associated Press Science Reporter  
Washington, Sept. 11 (AP)—It was a great day for veterinary science and for the cattle industry when Dr. John M. Buck met up with a cow named "Victor's Lady Matilda."

The late Dr. Buck, a veterinarian in the Department of Agriculture's Bureau of Animal Industry, was responsible for development of an effective weapon against Bang's disease or "infectious abortion," one of the worst of cattle plagues.

The disease, also called brucellosis, is transmissible to man as undulant fever. Victor's Lady Matilda was a fawn-colored Jersey which furnished Buck with just the right strain of brucellosis germ culture to produce a vaccine. Long and repeated tests with other cows had proved unavailable. The vaccine was released to cattle raisers just before war began.

Any aid against Bang's disease was important in wartime because this malady was a saboteur of meat and milk production. It is estimated that it still costs the United States one-fifth its potential milk supply.

Government veterinary authorities recommend that the vaccine be used only on calves between four and eight months of age. During the war years, between 15,000 and 20,000 calves were vaccinated each month in this country.

No Substitute for Sanitation  
Veterinarians say that calfhood vaccination is no substitute for sound sanitation and herd management and for regular systematic bloodtesting of herds to eliminate susceptible adults. But the American Veterinary

Medical Association says: "Certainly, Dr. Buck and Matilda, the Jersey cow, gave us an instrument that is of inestimable value in fighting the disease."

Recently two researchers at New York State Veterinary College reported "encouraging" results from experiments using the newly developed drug streptomycin against brucellosis induced in Guinea pigs.

Another development in veterinary science—achieved entirely during the war—is a technique which army "vets" believe will prevent "moon blindness" in horses and mules.

As for Periodic Ophthalmia  
Scientifically known as "periodic ophthalmia," the malady results in a loss of more than \$17,000,000 a year to American horsemen. It has been called "moon blindness" because of an ancient superstition that it was due to changes in the moon.

There is no known cure for the malady, which is marked by complete or partial blindness.

But researchers of the Army's Veterinary Corps at Fort Royal, Va., indicated that a deficiency of riboflavin (vitamin B-2) is involved and that the illness may be prevented by supplementing the usual horse ration with small amounts of the vitamin.

Army "vets" also have developed a new anesthetic for horses. It's described as offering a new safety factor in the virtual elimination of kicking and floundering which often accompany a horse's reaction to an anesthetic.

Developed at Fort Riley, Kas., the anesthetic is made by adding pentobarbital sodium to the solution already commonly used as anesthetic for horses. The latter solution is based on chloral hydrate ("knock-out" drops) and magnesium sulfate.

## MT. MARION

Mt. Marion, Sept. 12.—The Junior Service League met at the parsonage Monday evening and elected the following officers for the coming year: President, Mrs. Lester Felton; vice president, Mrs. Dean Van Etten; secretary, Miss Elsie Felton; treasurer, Mrs. William Hulsair.

Mr. and Mrs. Harry Chapman of Ridgefield Park visited Mr. and Mrs. Fred Osterhoudt this week.

Miss Jane Hunt of Saugerties spent Tuesday with Mr. and Mrs. Jesse Myer.

The Ladies' Aid Society will hold their annual business meeting at the parsonage Thursday evening, September 19.

The body of Charles J. Michaud of Kingston was buried in the Mt. Marion cemetery on Friday.

Regular Sunday school sessions were resumed on Sunday morning at 11 o'clock with Mrs. Fred Osterhoudt as superintendent.

## NEW PALTZ

New Paltz, Sept. 12.—Mr. and Mrs. Frank Wissel of Springfield Gardens, L. I., are spending some time at the Palmer House.

Louis Marx, formerly employed with the Governor Clinton Hotel in Kingston, but for seven months with the Palmer House here, spent a couple of days last week with his family in Kingston.

Dr. Donald Beattie, Norman Baker, Joseph Marks and Irving Kauder are leaving September 29 for a two weeks' moose-hunting trip to Canada.

Mr. and Mrs. Joseph Telesca of Upper Darby, Pa., have been guests at Sunset Inn. Mrs. Telesca is the former Margery Snyder.

Mrs. Mary Carey of Poughkeepsie is substituting in the local office of the Central Hudson Gas and Electric Corp.

Mrs. Dorothy Palmer has been enjoying a week's vacation out of town.

Mrs. John D. Mac Donald and daughter of Freehold, N. J., called on Mrs. Webb Kniffen Monday.

Lanson Rhinehart and son and Harry Clearwater saw the double-header between the Giants and Dodgers Sunday at the Polo Grounds. The occasion was Harvey's 17th birthday.

Mr. and Mrs. Laurence Osterhoudt of Frankfurt, Ky., visited his mother and grandmother at the Old Fort, where they are now living.

Mr. and Mrs. George Erichsen will build a new home on the New Paltz-Highland road.

Mr. and Mrs. Jerry Marone have been entertaining Mr. and Mrs. S. Marone of Walden.

Mr. and Mrs. VanAlst and Louise accompanied Mrs. Louis Countryman and Carl Weston of Highland to Staunton, Va.

The Plutarch Club met Thursday night at the home of Miss Mary VanNostrand.

The Ladies' Auxiliary met in the Legion Hall Monday night. A report from the Girls State was given by Joan Arras and a report from the Boys State was given by Harvey Clearwater, representatives. Mrs. Alice Hornbeck gave a report from the state convention. Officers were elected.

Curtis Jameson Richardson, Jr., celebrated his third birthday Saturday, a party being given in his honor at his home on Huguenot street. There were games, the supper table was decorated with birthday snappers and sailboats. The large birthday cake served as dessert was set upon a revolving musical plate, which played "Happy Birthday." All had a merry time.

Road Repair Urged  
"Veritable death traps" is the characterization applied to local roads by citizens of Chile's Valdivia Province, who have demanded highway repair by the government. Lack of bridges and the defective condition of existing ones is hampering tourist traffic to that region, they declared.

## EXTRADITED ON MURDER CHARGE

Charles Haylett, Jr., 19, shakes hands with Sheriff Arthur Britt at Buffalo, N. Y., as he bids farewell shortly after the arrival of Police Lt. Peter Connors (center) to return the boy to Pittsburgh, Pa., to face trial on a charge of first degree murder in the New Year's eve shooting of a playmate, Michael Gerrich, 12. (AP Wirephoto)

## Smith, Disgusted, Leaves for Tahiti

Long Beach, Calif., Sept. 12 (AP)—Disgusted, he said, because of postwar conditions in the United States, Robert Smith, 23-year-old merchant marine veteran, sailed yesterday in his 18-foot sloop for the South Seas Island of Tahiti to make his home.

Smith, son of Mr. and Mrs. Frank Smith of Portland, Ore., said he expects to complete the 3,500-mile voyage in a little over two months, touching first at the

southern Guadalupe Islands, thence the Clarion Islands, and on to Papeete, Tahiti, by way of the Marquesas Islands.

Supplies aboard the little vessel were three cases of miscellaneous canned goods, a large quantity of dry biscuits, 30 gallons of water and all kinds of fishing gear to help supply food. He said he paid \$1,700 for the sloop, Marconi-rigged with outrigger rudder and auxiliary engine. The engine, however, was discarded, to save weight. Smith declared he will stay in Tahiti "until conditions change here."

Mountain laurel is the state flower of Connecticut.

Rev. and Mrs. Phillips Given House Warming  
By Members of Congregation and Friends

The members of the congregation and spoke briefly, while Mrs. Rhoda Shaw, president of the Ladies Aid Society, also spoke and presented the pastor and his wife with appropriate gifts for the house, as well as a purse containing a sum of money. Refreshments were served by a group of women of the church.

The Rev. Mr. Phillips recently accepted a call extended him by the church to become full time pastor. Yesterday the pastor and Dr. Bibby left Kingston for a deep sea fishing trip. So successful was their fishing trip a few weeks ago, that they had decided to again try their luck. Several weeks ago the two fishermen landed a 260 pound tuna, as well as a large catch of other deep sea fish.

MR. AND MRS. MARSHALL AMARELLO

MRS. RALPH GARDNER

MRS. ROBERT BRANDT

Zammillo-Murphy  
Nuptials Solemnized

Announcement has been made of the marriage of Miss Jeanette M. Murphy, daughter of Mrs. Elizabeth Murphy, Saugerties and the late Harry J. Murphy, to Francis J. Zammillo of this city. The wedding took place Sunday at 1 p. m. at a double ring ceremony in St. Mary's Church, Saugerties with the Rev. Edmond T. Hartly officiating.

Mrs. William R. Johnson was organist and accompanied George Terpening who sang, "I Love You Truly" and "The Bells of St. Mary's."

The bride was given in marriage by her brother, James K. Murphy. She wore a gown of white marquisette with train and bodice of white brocaded nylon. Her finger tip veil was caught with a tiara of seed pearls and she carried a bouquet of white gladioli and baby's breath.

Her sister, Miss Joan Murphy, as maid of honor, wore a gown of yellow marquisette trimmed with yellow satin baby bows and a headpiece to match. She carried yellow gladioli. The bride's mother wore navy blue with pink accessories and a corsage of pink roses.

Angelo Zammillo, brother of the bridegroom, was best man.

After a reception for the immediate families at Pleasant Valley Inn, Mr. and Mrs. Zammillo left by car for a wedding trip to Niagara Falls and points north. For traveling the bride wore a three piece grey suit with navy accessories and a corsage of white roses.

Upon their return the couple will make their home in Kingston where the bridegroom is employed in the store of W. T. Grant Co., Wall street. Both the bride and bridegroom attended Saugerties high school.

Dardennes to Broadcast

Henri Dardennes, violinist of the Metropolitan Opera House orchestra, will play on Station WKNY Saturday at 2 p. m. Mr. Dardennes will be accompanied at the piano by Mrs. Dardennes and will perform the entire Sonata in G Minor by Grieg.

ADVERTISMENT

FALSE TEETH

That Loosen  
Need Not Embarrass

Many wearers of false teeth have suffered from embarrassment because their teeth dropped, slipped or wobbled. The solution is simple. Get FASTEETH at any drug store.

Students in College

ROBERT WOLFERSTEIG

Among the students leaving for college this month are Robert F. Wolfersteig, son of Mr. and Mrs. Clarence Wolfersteig of Connelly. He is attending the Cincinnati Conservatory of Music at Cincinnati, O., where he will major in organ and public school music. He was graduated in June from Kingston High School where he was active in music and dramatics and a member of the National Honor Society. He just completed his third summer at the Decoy Music Center at Saranac Inn, where he majored in organ. (Pennington Studio).

MacConnell to Muskingon

John MacConnell, son of Mrs. Eugene MacConnell is attending Muskingon College, New Concord, O. He is majoring in business administration. He is an army veteran of World War II.

Miss Benz in New York

Miss Alice Benz of Connelly left Monday to attend the "Barbizon Modeling School," 526 Fifth avenue, New York city.

Weishaupt to Attend Champlain

Matthew Weishaupt, Jr., 320 Delaware avenue has been accepted for admission to Champlain College, one of three emergency institutions opening this fall under the administration of the Associated Colleges of Upper New York. A graduate of Kingston High School he served two years in the navy. He will study liberal arts beginning with the fall term, September 23.

Greek Roseblance

The triangular tract of land that often forms at the mouth of a river is called a delta because in outline it resembles the Greek letter Delta.

Good Taste  
Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

THAT TIPPING QUESTION  
AGAIN

"Please write something again for those guests at dinner in a restaurant who believe they as well as the host should tip the waiter. We have certain friends who invariably leave something and I can't abide their habit any longer. I'd like to clip your answer and send it to them."

This question is puzzling because I never before have heard of anyone's having the habit of adding a tip to what the host gives the waiter. That any people going out to dine with friends should leave tips at their places is a brand-new and not at all proper idea. The only time I ever have heard of it is when the host has left a shamefully small tip and the guest is tempted to add to it. Needless to say, giving away to this temptation would be insulting to the host. If you're lunching where you go often, the next time the same person waits on you, you can be somewhat more generous than usual without making any comment.

An Honored Friend

Dear Mrs. Post: Should I consider it a privilege or an insult to be asked to assist the bride when she arrived at the church? Her mother and I are dear friends and I thought it an honor to be asked to see that everything was exactly as it should be before the bride starts up the aisle. Now, some other friends tell me that it is an insult.

Answer: I should call it an honor. In fact, it is a very special one if you then are shown to a reserved seat, just before the bride's mother is shown to her place.

Cards for Dr. Blank

Dear Mrs. Post: Please tell us what is correct in having personal stationery engraved for a physician? Should it read "Dr. John Smith" or "John Smith, M.D."? Or perhaps there should be no title? Answer: General purpose paper that has full address should be printed with "Dr." or otherwise strangers would write to him as "Mr." Paper for social use should have only an address or his initials.

For Mrs. Post's booklet 501, "The Etiquette of Weddings," send 10 cents in coin and a 3-cent stamped, self-addressed envelope to her in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

MRS. FRANK CHURCHWELL

Mr. and Mrs. Marshall Amarello cut their wedding cake Sunday after their marriage at St. Mary's Church. The bride is the former Miss Vera Martino, 15 Ulster street. Mr. Amarello is of 64 Prince street. (Kinkade and Hutton Photo).

Mrs. Frank Churchwell, Jr., is the former Miss Josephine M. Cecelia, 405 Hasbrouck avenue. She became the bride of Mr. Churchwell of 338 Broadway, September 1. (Kinkade and Hutton Photo).

Miss Rosalind Schebilski, 496 Washington avenue, was married to Ralph A. Gardner, 25 Murphy street, Sunday at the First Dutch Reformed Church. (Pennington Studio).

Miss Janey Ferraro, Glasco, became the bride of Robert Brandt, 119 Hunter street, Sunday at Trinity Lutheran Church. (Pennington Studio).

Evil Spirit Protection

The wedding veil is believed to be a survival of an ancient superstition that evil spirits would harm the bride if she wasn't protected with a veil.

Lt. Denman, Former  
Woodstock Pastor,  
Weds in California

Announcement has been received of the marriage of Mrs. Mary Edel Blaha to Lt. (j.g.) Thomas H. Denman, (ChC) U.S.N.R., former pastor of the Woodstock Methodist Church. The double ring ceremony was performed August 1 at the Navy Family Chapel, Long Beach, Calif., by the bride's father, Capt. William Edel (ChC), U.S.N., who was recently elected president of Dickinson College and has retired from the navy.

Attending the couple were Miss Wilma Edel of Naple, Calif., and Kenneth McGrath of Brauch, N. Y. Rings were carried by Frank and Jo-Ann Blaha, children of the bride and her late husband, Lt. Cmdr. Frank Blaha.

Lieutenant Denman, who is the son of Mr. and Mrs. W. V. Denman of Hürley was commissioned in the chaplains corps June 15, 1945 and was called to active duty August 30. He has served since November at the Roosevelt Base, Terminal Island, Calif., where he is head of the chaplain's department.

Lieut. and Mrs. Denman are

making their home at 122 Glen-dora avenue, Belmont Shore.

**Notre Dame Graduate Returns as Professor Of American History**

NICHOLAS AMATO

Mr. and Mrs. Frank Amato, 96 Prince street, announced today that their son, Nicholas J. Amato had left for Notre Dame, Ind., to assume his duties as professor of American History at the University of Notre Dame.

Mr. Amato received his bachelor of arts degree from the University of Notre Dame, class of '44. Mr. Amato also attended Columbia University and received his master of arts in 1945.

**Personal Notes**

Mr. and Mrs. Ellsworth Race, Mrs. Max Ford and daughter, Carol of Atlanta, Ga., are spending two weeks with the Rev. and Mrs. William R. Peckham, 123 Clinton avenue.

Mr. and Mrs. William C. Kingman of Highland avenue have returned from the Thousand Islands where they have been spending a few days while Mr. Kingman was attending a meeting of the plumbing and heating wholesale distributors.

Katherine Ferrante, Highland, will be married next month.

Mr. and Mrs. Joseph Ferrante of Highland have announced the engagement of their daughter, Katherine Ferrante, to William Kingman, son of Mrs. Margaret Kingman, Detroit, Mich. The wedding will take place October 6 in St. Augustine's Church, Highland. Mr. Kingman is employed at the Three Caballeros, South road, Poughkeepsie, at present.

**State C.I.O. Plans To Endorse Mead, Lehman at Parley**

**Some Are for Irving Ives, but No Definite Opposition Is Expected**

Lake Placid, N. Y., Sept. 12 (AP)—The New York State C.I.O. Council central body of 28 unions with a claimed membership of 1,200,000, will endorse the Democratic candidates for governor and U. S. Senator, James M. Mead and Herbert H. Lehman, at its annual convention which opened here today.

President Louis Hollander said sentiment expressed by members of the council's executive board and informally by delegates indicated "overwhelming" endorsement of Senator Mead, former Governor Lehman and the rest of the Democratic ticket.

There is "some" delegate support for the Republican senatorial nominee, Assembly Majority Leader Irving M. Ives, Hollander reported. But he predicted it would not crystallize into any organized opposition to Lehman when endorsements are acted upon at the final session Saturday.

Ives will address the convention tomorrow morning. Mead tomorrow afternoon and Lehman Saturday morning.

Lehman's record as Lieutenant Governor, Governor and U.N.R.-R.A. Director General, Hollander and other C.I.O. leaders said, justify his endorsement.

Ives "Very Fine" Person

Ives is regarded by the C.I.O. chieftains as the Republican party's outstanding champion of social and labor legislation. They cite his authorship of New York's anti-discrimination law and his successful drive to found the State School of Industrial and Labor relations of which he is dean.

"Irving Ives is a very fine person," Hollander said. "I have always found him to have a point of view that has helped in the solution of our problems."

Nevertheless, the C.I.O. opinion, expressed privately, is that Lehman merits the preference because of his record and that endorsement of Ives would help Governor Dewey's campaign for reelection.

**Bitter Antagonism**

Bitter antagonism toward Dewey is evident in the conversations of the C.I.O. union leaders. Hollander, in his convention keynote address tonight, will make a slashing attack on Dewey's record, an informed source predicted. He will claim Dewey is a reactionary now posing as a liberal in order to win reelection.

Dewey's record also will be assailed in a resolution on the state government. The Republican administration will be criticized for failure to liberalize the Workmen's Compensation Law benefits to the extent sought by the C.I.O. for failure to adopt a 75-cent-an-hour minimum wage law. There also will be criticism of the G.O.P. on the state university question.

**Will Urge Cooperation**  
Other resolutions will urge United States cooperation with Russia and its other World War 2 Allies in promotion of permanent peace and will request President Truman to reconvene Congress in special session to pass what the C.I.O. calls "real" O.P.A. decontrol legislation.

More than 1,100 delegates, the largest number in the history of the state C.I.O., are attending the convention which is being held in Lake Placid's famed Olympic arena.

Sharing the spotlight with Lehman on Saturday will be Franklin D. Roosevelt, Jr. He will be presented a gold medal, sculptured by Jo Davidson, awarded by the C.I.O. posthumously to President Roosevelt for his service to labor.

**Dutchess Co. Blight Loss Estimated at \$250,000**

Dutchess county agricultural agent Shepherd is quoted as placing damage to county tomato growers, from the blight which struck plants late in August and early this month, at \$250,000.

He estimated the county acreage of late tomatoes at approximately 500 acres and figured the average return at \$500 an acre.

Mr. Shepherd said that while some of the spores of the blight might carry over in the ground, weather conditions might not be so favorable for their development another year.

A spray of dust of Bordeaux mixture applied to plants next year to help curtail blight activity was recommended. Clearing gardens of infected plants also was seen as helpful in curtailing the number of spores.

**BACKACHE, LEG PAINS MAY BE DANGER SIGN**  
**Of Tired Kidneys**

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Prevent or ease your passage with smart, long-acting medicine. Don't let these things wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, and successfully get millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

**The World Today**

By GLENN BARR

AP Foreign News Analyst

For the second time in less than a month the United States has served emphatic notice of her intention to have a hand in shaping the post-war settlement in the Eastern Mediterranean. The proposal tossed into the Paris Peace Conference yesterday by Ambassador Caffery for demilitarization of Bulgaria's southern border is another expression of the policy which dictated last month's notice to Moscow that Washington backed Turkey's rejection of Russian demands for domination of the Dardanelles.

The Caffery proposal is hardly less significant than the Dardanelles note. Both in effect state American opposition to the Soviet campaign of expansion in the Middle East. Together they constitute vigorous affirmation of a determination to support the two nations which stand as semi-isolated barriers to the advancing Soviet glacier, Turkey and Greece. They are to be read against the background of two demonstrations in the Eastern Mediterranean in recent months, the visit of the battleship Missouri to Turkey in the spring and the current cruise of the aircraft carrier Franklin D. Roosevelt in Greek and other eastern waters.

The Bulgarian territorial claims on Greece have been the most persistent and potentially most dangerous phase of the campaign carried on by the Soviet's Balkan satellites both at Paris and in United Nations sessions in New York to foment trouble for Greece and the western Allies. The Bulgarians, reviving century old claims which Russia has supported frequently in the past, is demanding cession of Western Thrace, Greece's easternmost territory at the head of the Aegean. Such a transfer would split Greece from her one friendly neighbor, Turkey, and bring Bulgaria—and the Soviet sphere of domination—to the Aegean. Strategically and politically that would be almost as great an advance for the Soviet bloc as control of the Turkish Straits.

Ambassador Caffery's caustic statement put it this way: "This hardly seems the place for Bulgaria, after abetting the invasion and after the ruthless occupation and exploitation of this area (western Thrace), to lay claim in its peace settlement with the victorious powers to an important piece of territory to be taken from one of them."

Instead of satisfying Bulgarian demands the United States pro-

posed to restrict Bulgaria's power to harm the neighbor with whom she has gone to war three times in this century by demilitarization of the Bulgarian side of the border.

The Soviet's other Balkan satellites, Yugoslavia and Albania, are carrying on similar and complementing campaigns in the war of nerves and propaganda against Greece. Albania is claiming territory and supporting the Ukrainian attack on Greece in the United Nations Security Council. Yugoslavia is carrying on propaganda for a "Macedonian Federation" which would take a big bite out of Northeastern Greece, including Salonika and most of what would be left along the northern Aegean if Bulgaria got western Thrace. The proposed federation would be under Tito's—and Moscow's—tutelage, to say the least.

This constant pressure from her neighbors, reinforced by the clamor echoing from the sounding boards of Paris and Lake Success, could not fail to affect Greece's internal situation. Again the strife between Right and Left is rising toward the tempo of civil war, which might hold the seeds of larger conflict, since the division follows the alignment of that between the two groups of great powers. King George, preparing to return from exile to his throne, did not exaggerate when he said in his proclamation of last night:

"International complications have drawn Greece into the vortex of great conflicts which today make this task of national unity x x x a question x x x of self-preservation itself. The tranquility of Greece, indeed the peace of the world to a great extent depend on this."

**FASTER, BRIGHTER,**

**SAFER CLEANING**

THAN ANY SUDS BEFORE

IN HISTORY!

**New Woolens**

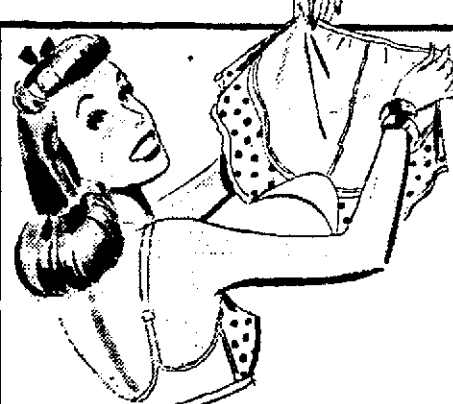

WASH SOFTER AND FLUFFIER THAN EVER BEFORE!

When washed in Dreft suds your precious woolens are a joy to look at—a delight to feel! No soapy deposit to coarsen woolens and dim their colors. Your lovely new sweaters and baby things wash softer and fluffier than ever before. Yes, softer and fluffier than with even the most expensive soap flakes!

**Stockings**

LOOK LOVELIER THAN WITH ANY SOAP!

You'll be delighted at Dreft's gentleness to stockings! Dreft suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap. What's more—nightly Dreft-washing prolongs stocking life—gives noticeably longer wear!

**Lingerie**

STAYS BRIGHTER! FRESHER! NO SOAP-FADING!

Dreft is milder to colors than any soap in the world! You'll agree when you see how your lovely lingerie stays color-bright and fresh far longer when washed with Dreft. There's no soap alkali to cause fading. Dreft's rich suds keep your pretty colored slips, blouses, "undies" brighter and fresher than any soap could ever do.

**Dishes Shine Without Wiping!**

It's a Fact! No soap in the world performs the miracles Dreft performs in your dishpan. It makes dishes shine—even without wiping!

**No Streaks!** Dreft's amazing suds rinse clean and clear—leave no greasy streaks or cloudiness the way all soaps do. Even glasses sparkle without touching a towel to them. And Dreft is kind to hands!

**dreft**

WORKS WONDERS

## Leaves From Boyle's Notebook

By RICHARD KASISCHKE  
(For HAL BOYLE)

Berlin, Sept. 12 (AP)—It's a question whether any person in the American occupation forces in Germany enjoys his work more than does Capt. Mollie J. Regan, formerly of Boston, Mass., and now a loot sleuth.

That's a clipped version of her formal title—Art Intelligence Research Officer in the Restitution Branch of the Monuments, Fine Arts and Archives section of the Economics Division of the Office of Military Government in Germany (U.S.).

Her job is to help track down works of art and other valuables looted by the Nazis from countries they formerly occupied, and classify them for restitution to their rightful owners.

The department in which Capt. Regan works—headed for 13 months by Major L. Bancel La Farge of Mt. Carmel, Conn., and now by Richard F. Howard of Hopewell, N. J., has recovered many millions of dollars worth of stolen art in its search through the nooks and crannies of occupied Germany and beyond.

Recoveries and restitutions in a year have included more than a million books and nearly 50,000 works of art, some of them priceless masterpieces. France has received 40,000 cultural pieces.

Some of these recoveries have been made in museum basements, some behind false walls in houses, in barns and in sealed salt mines.

Sits in Small Office

Capt. Regan's part in this vast

hunt is not a traveling job. She sits in a small office in Military Government Headquarters here, surrounded by packing boxes and an occasional minor masterpiece. One of her field workers shares the cramped quarters with her as she keeps an organized network of activity going over the continent.

Capt. Regan advises her department chief of particulars of missing objects and classifies clues as to their whereabouts. She works with the army's G-2 the Counter Intelligence Corps and maintains liaison with representatives of other occupying powers, with United Nations military missions here and with Art Intelligence in occupied Austria.

The culprits on whom she helps get the lowdown are not all big Nazi looters. She also helps prepare cases against accused members of the American forces.

### Has Good Background

The loot sleuth had admirable training for her job. She majored in fine arts at Radcliffe and studied art at Harvard. Painting is one of her hobbies. When she was graduated in 1937, her father and mother, Mr. and Mrs. John W. Regan of West Roxbury, Mass., took her on an art tour of Europe and the Orient. On their 15,000-mile trip the family saw nearly every important museum in the world and visited countless monuments and churches.

"That's when I did my leg work," Mollie smiles.

Then she went back to Harvard to study to be an art teacher. She taught drawing and art history in high schools around Boston. She dropped her art classes to enter the first WAAC Officer Candidate School at Des Moines.

She came overseas to England in May 1944 and worked in Gen. Jimmy Doolittle's Airforce Headquarters. At war's end her thoughts turned again to art and last summer she came to Berlin on temporary duty status. When she got home, leave this summer she returned to Boston to bring her parents here to live with her.

## KERHONKSON

Kerhonkson, Sept. 12—Mr. and Mrs. Edwin Green and family of Harrisburg, Pa., were week-end guests of the former's mother, Mrs. M. E. Green, and sister, Mrs. Irving West.

Horace Sheldon of Fort Worth, Texas, is spending his vacation with his parents, Mr. and Mrs. Hebron Sheldon.

Walter Merry of Cobleskill spent the week-end in town attending the Board of Water Supply clambake at Lackawack on Saturday.

Mr. and Mrs. Peter Bach of Jamaica called on their cousin, Mrs. Nettie Whitaker, Saturday.

Mr. and Mrs. Marvin Addis of Detroit spent the week-end with his aunt, Mrs. Irving Colville.

Mrs. Eugene Munson entertained his pinochle club Tuesday evening.

Mrs. R. Trowbridge of Kyserike spent Monday and Tuesday with her niece, Mrs. Hasbrouck Decker.

Mr. and Mrs. Ross Baker of Hurley entertained about 33 relatives at their camp in Cherrytown September 1 in honor of Mr. Baker's mother, Mrs. Jason Baker, who celebrated her birthday on September 3. She was the recipient of many lovely gifts.

Mrs. Henry Sherman entertained the church school board on Monday evening.

Mrs. Berlin Wright has returned home after spending a couple weeks with her son and daughter-in-law, Mr. and Mrs. Julian Wright near Riverhead, L. I. Mr. Wright motored down for her.

Mr. and Mrs. Harry Purcell and children and Miss Elizabeth Joyce enjoyed dinner with Mr. and Mrs. Harvey Osterhout in Warden on Sunday, in honor of their son Gleason's birthday.

Miss Mathilda Enkler and a friend of Ellenville called at the home of Mrs. Andrew Terwilliger on Tuesday evening.

Mrs. Nettie Whitaker and daughter, Ida May, called on Miss Tina Stahl in Wawarsing Thursday.

Mrs. Edward LaPrise entertained several guests from New York and vicinity during the past week-end.

Mrs. James R. Doyle entertained the pinochle club on Tuesday evening at her home.

Mr. and Mrs. George Stockin and friends attended a clambake at Andes on Sunday.

Mrs. J. Spadaro of Ellenville spent a few days with her grandchildren here.

Mr. and Mrs. Frank Schonger have moved from Fordmore to their new home.

William George of Long Island spent the week-end here with Mrs. George.

The Boy Scouts enjoyed a camping trip at Honk Falls over the week-end.

Principal C. Farnsworth and family have moved from Liberty to the home of Fritz Foord. Sylvia and Alice Fisher have returned to Albany State College after spending the summer here.

day for Plattsburg where she has entered college.  
Virginia Green and Natalie Gallagher returned Tuesday to Albany State College.

Miss Shirley Jablonsky and a friend of New York city spent a vacation with her mother, Mrs. Oscar Jablonsky here.

## Eisenhowers Will Go Home for Funeral

Abilene, Kas., Sept. 12 (AP)—The five sons of one of the nation's most famous mothers were returning humbly to their boyhood home here today to pay final tribute to Mrs. Ida Eisenhower, who died of a heart attack yesterday at the age of 84.

Her soldier-son, Gen. Dwight D. Eisenhower, was on his way from Washington by train, accompanied by his wife and another brother, Earl D. Eisenhower of Charleroi, Pa., a chemical engineer.

Two other sons, Milton S. Eisenhower, president of Kansas State College, and Arthur B. Eisenhower, a Kansas City banker, are here preparing arrangements for funeral services Friday afternoon.

The fifth son, Edgar, a Tacoma, Wash., attorney, also was on his way here.

Only members of the immediate family will attend rites at the home but stores will close for an hour for the graveside services. She will be buried in the family plot in the cemetery here beside her husband, David, who died in 1942.

## Redeployment

By The Associated Press  
Three vessels, carrying more than 1,700 service personnel, are scheduled to arrive today at west coast ports.

Ships arriving:  
At San Francisco  
Costa Rica Victory from Yokohama, with 1,477 troops; New World Victory from Yokohama, 12 troops.

At San Diego  
Coasters Harbor from Pearl Harbor, 308 navy and marine personnel.

In damp weather scissors should be protected from rust by wrapping in waxed paper.

# Burke Names 19 Players on His K. H. S. Varsity Football Squad

## Arn Bellini Eyed As Coming Punter For Local Eleven

New Maroon Coach Lauds Willingness of Entire Team: First Contest Here Next Friday

While still on the prowl for a number one punter, Coach Will Burke, the prize mentor from Highland today named his top list of 19 players who are scheduled to see varsity action in the opening game next Friday night with Haverstraw High at municipal stadium.

"There's about 19 players back on my list right now," Burke told a Freeman scribe today, "and although we're going to keep a keen lookout for other possibilities, these boys appear to have the present edge on the rest of the field."

**Six Backs Named**  
Listing his players by position Coach Burke named Captain Arnie Bellini, Bill Kutsos, Bill Blume, Carl Brancato, Dee Titus and Tommy McGraw as his starting backfield candidates. "We still haven't found a good punter out of this bunch," Burke stated, "but a few of the boys have shown good promise."

Linemen selected on the squad are Ed Weaver, Ed McCordie, Mike Rocco and Joe Albany, ends; Owen "Babe" Regans, Charlie Bouton and possibly Joe Esposito, tackles; Lou Fucco, Joe Hill, Harry Barnhart and Joe Carroll, guards; and Harry Koch and Bill DeLuca, centers.

During Wednesday's drill at municipal stadium Burke saw another promising punter come to light. He was Captain Arnie Bellini who impressed the Maroon and White mentor with his early booting. "This boy has potentialities," Burke said, "and with some intensive drilling he may be the man for the kicking spot."

At the present time Bill Kutsos and Big Ed Weaver are dividing on the kicking line. Kutsos, who shows plenty of promise, has unusual leg drive and will develop, according to Burke, Weaver, who is slated to open at one of the end positions, will drop back into the secondary kick formations, if necessary.

**Has Willing Group**  
Although the new gridiron boss sees a lot of room for improvement by his young mole-skippers, he is plenty satisfied with the attitude of his players. "I have a wonderful group of willing players to work with here at this first year," Burke declared, "and they should improve as the year goes on. There's still lots of room for improvement, however."

After an extended drill on passing and kicking last night, Burke put his charges through a short scrimmage which rounded out the eighth day of practice. "It was a short scrimmage last night," Burke said this morning, "but it proved to be one of the best so far this year."

Although Burke refrained from naming any definite starting backfield today there is every possibility that Captain Bellini, Bill Kutsos, Dee Titus and Bill Blume will be around when kickoff time comes next Friday night. Titus is calling the plays at the present time and is doing a satisfactory job. The others are all shaping up under the wonderful tutelage of Coach Burke and his number one aide, Russ Cunningham.

## WINNERS IN AMATEUR GOLF MATCHES

Steve Riegel (left), Glendale, Calif., record-breaking qualifying medalist, and Smiley Quick of Inglewood, Calif., compare golf balls before meeting in the second round of the 46th annual National Amateur Golf Tournament at the Baltusrol Club at Springfield, N. J.

## Riegel Joins Ranks Mel Hein Begins Of Medal Winners, First Full Year But Is Out of Race As Union Mentor

**Californian Proves Too Much for Pennsylvanian at Springfield in U.S. Amateur Play**

Springfield, N. J., Sept. 12 (AP)—About the only thing certain today in the current running of the national amateur golf championship was that Steve Riegel of Upper Darby, Pa., had joined the large rank of the tournament's medal winners who failed to make the grade in match play.

Since the championship was started in 1895, only six persons have won the medal outright and gone on to walk off with the title.

Walter J. Travis turned the trick twice, in 1900 and 1901, while the last to win both was Dick Chapman of Mamaroneck, N. Y., whose 140 at the Winged Foot Club in 1940 took qualifying honors and spurred him on to the winner's throne.

The fortune of a draw that matched outstanding contenders in the early rounds of the 46th annual tournament at the Baltusrol Golf Club's picturesque layout and a never-say-die public links champion, Riegel, was enough to win him the match play whitened field in 16 yesterday.

Smiley L. Quick of Inglewood, Calif., turned up as Riegel's nemesis to oust the record-setting medalist in the second round, one up. Both Quick and Riegel encountered rough opposition for their first rounds. Smiley, who had a runner-up's share of the medal play, topped Henry Martell, Canadian amateur champion. Riegel was forced to the 18th to beat Robert N. Babbish of Royal Oak, Mich., who split the medal second place with Quick.

Quick tackled Alpheus Winter, Jr., of Bridgeport, Conn., in a third round test today and Capt. Cary Middlecoff of Memphis, Tenn., met Howard Everitt of Philadelphia.

**Ward vs. Lind**  
Marvin (Bud) Ward, defending titlist from Spokane, Wash., was down for a third round lower bracket test with Charles (Babe) Lind of Edgewater, Colo., who had a second round upset when he walloped intercollegiate champion George Hamer of Columbus, Ga., 6 and 4.

Ward was pushed to the 18th yesterday to wipe out John Siegel, Watling, N. J., school teacher, one up in the first round and then skunked by Frank Strahan of Toledo, western amateur champion, 2 and 1, in the second.

Richard Chapman of Mamaroneck, who is in the top half of the lower bracket with Ward so that wins for both would pair them in the quarter-finals, had a third round date with S. E. Bishop of Dedham, Mass.

Other second-round contests were Arthur J. Wall, Jr., of Clark Summit, Pa., against Maurice J. McCarthy Jr., of Cincinnati, and Felice Torza, Wethersfield, Conn., against A. Fred Kammer, Jr., of Grosse Pointe Farms, Mich.

The two other lower bracket tests paired Bob Swency, of Palm Beach, Fla., with James Frisina of Springfield, Ill., and Robert W. Wilks of Kansas City, Mo., with Gordon S. Park of Glen Ridge, N. J.

The laws of insects work horizontally instead of vertically as do ours.

**Team Drills Tonight at State Armory: Five Night Games Are On Schedule**

The Kingston Athletic Association's football team was one of eight Hudson Valley Semi-Pro Football League contests according to the schedule by Larry Glennon, chairman of the local team.

Kingston is slated to open its league season next Sunday, September 22, in a game with the Port Jervis Merchants at the Tri-State field. The team then comes home to open the local season.

## SCOREBOARD

By JOE REICHLER (Associated Press Sports Writer)

Like the 1938 Pittsburgh Pirates, the Brooklyn Dodgers could lose the National League pennant because of inability to play their full schedule.

The Pirates of '38, who finished in second place, 13 percentage points behind the champion Chicago Cubs, were rained out of four games that year, but the Dodgers situation came from yesterday's record-breaking 19-inning scoreless tie with the Cincinnati Reds.

The scoreless deadlock, coupled with the St. Louis defeat by the Phils in Philadelphia, cut the Cardinals' first place margin to a game and a half. Both teams are all even on the losing side of the ledger but the Cards have won three more games.

Branch Rickey, head of the Dodgers, planned to confer with Ford Frick, president of the National League today, on the replay September 20 or 26. He would like to move back the Dodger-Pirate game, only scheduled league tilt on September 20, to make a double header with the Bucs September 19. September 26 is an open date for both teams.

Frick pointed out that Rickey would need the consent of the Reds and the Pirates, who might be unwilling to play two games on the 19th; the Cards, the Phils, who are waging a battle with the Reds for fifth place; and the Cubs and Boston Braves, who might want the same concession in order to play off their 17-inning tie yesterday.

The Dodgers, however, were occupied with their all-important series with the Cardinals, starting today. They realize, as do the Cards, that this three-game set may decide the pennant race.

**Plans to Start Higbe**  
Manager Leo Durocher of the Dodgers plans to start Kirby Higbe, his righthanded ace, and follow with Joe Hatten tomorrow and either Vic Lombardi or Rube Bressler, left-handed pitcher.

Yesterday's marathon game, called because of darkness, bettered by one the previous longest scoreless tie game, played July 16, 1909 between Detroit and Washington.

Johnny Vander Meer pitched the first 15 innings, gave up only seven hits and struck out 14 while walking only two. Harry Gumbert pitched the last four innings for the Reds allowing only one hit.

The Dodgers used four pitchers, starter Hal Gregg going 10 innings, Hugh Casey, five; Art Herring, three; and Hank Behrman, one. They gave up 10 hits.

**Reds Missed Scoring**  
Twice the Reds missed scoring by a split second when Dodger outfielders Pete Reiser and Dixie Walker threw out runners at the plate. Walker's game saving throw came in the 15th innings.

Oscar Judd, 36-year-old southpaw, pitched the Phils to a 9-4 victory over the Cards.

For the second straight day, the Tigers forced postponement of Boston's pennant celebration by handing the American League leading Red Sox a 7-3 setback.

Jack Greenberg highlighted a five-run first inning against Dave (Boo) Ferriss, with his 33rd home run with two on.

The Cubs and Braves battled through 17 innings before darkness halted their game with the score tied at 3-3. Emil Kuhn and Hank Borowy held the Braves to one hit in the last 12 1/3 innings.

The Indians hammered four New York Yankee pitchers for 16 hits as Alie Reynolds went the route for his 11th win with an 11-2 triumph.

The Chicago White Sox climbed on Bobo Newsom for five runs in the sixth inning to defeat the Senators 6-1, and the St. Louis Browns shut out the Philadelphia Athletics 4-0 in a night game at Sportsman's Park.

The Pirates went into seventh place in the National League and jumped the New York Giants into the cellar by beating the New Yorkers twice 7-6 and 7-5 at the Polo Grounds.

Among the starters are April Star, R. L. Craig's five-year-old standdard who spent the first month of his life with a broken leg in a plaster cast; Blue Again, the Canadian champion, and Cardinal Abbe, Manford Watson's big gelding.

Saturday night, September 28, at municipal stadium under the arch-lights.

**Team Drills Tonight**  
Members of the K.A.A. team will hold another drill tonight at the state armory starting at 8 o'clock. All players are urged to attend the workout on time.

The rest of the local schedule finds Kingston at Middletown, October 13, Walden, October 25, and Newburgh, November 24. Other home encounters are Newburgh, October 19; Middletown, November 2; Port Jervis, November 17.

According to Glennon who has watched the K.A.A. team workout in all of its practices, the local eleven is progressing rapidly and is shaping up into a well-knit ball club. "There's going to be lots of color in this Kingston club,"

## Five Regulars Back for Duty With Newburgh's Grid Squad

Stan Hemingway Named to Succeed Elder; Team Appears Here Friday, Oct. 25

Minus most of its championship ball club and its highly-rated coach as well, Newburgh Free Academy might be in for a tough DUSO League football season this fall.

When the N.F.A. gridders held their first practice session of the year a couple of weeks ago a good size turnout greeted Coach Bill Elder but in the group were only five regulars from last year's pennant-winning team which rolled through a terrific undefeated season.

With only the handful of veteran mole-skippers back, Elder had his work cut out for him in no uncertain terms. This week the popular Goldback mentor severed his connections with the academy and announced his resignation.

**School Accepts Action**  
On the heels of Elder's resignation, Snyder J. Gage, school superintendent, announced that the board of education had accepted the action. Elder withdrew from Newburgh to accept a new coaching job at A. P. Davis High School in Mt. Vernon.

**Hemingway Is Named**  
Stan Hemingway, one of the finest players ever to perform for Newburgh Free Academy, has been named to succeed Bill Elder as coach of the N.F.A. football team for the 1946 season. C. Everett Stevens, director of physical education, announced yesterday. He'll be assisted by Angelo Janotti, another ex-Goldback player.

Hemingway's name was linked with the N.F.A. berth right after Elder's resignation was made public. The bespectacled mentor, who has been tutoring the Newburgh linemen, formerly played football at Syracuse University.

Hemingway was selected to guide the varsity basketball club when he succeeded W. Irving Goewey in 1944. He was in turn replaced by George "Lanky" Masterson last season.

Jannotti is another favorite DUSO LEAGUE performer who lost a leg in Pacific action during the war. Both he and Hemingway assumed their new duties at Newburgh Wednesday.

Meanwhile, daily drills of the Academy gridgers go on with Hemingway leading the snots. Newburgh is scheduled to open its 1946 season at Schenectady September 21.

The five regulars who are figured upon to carry the brunt of this year's attack are Lou D'Addio, tackle; Walt Freeman, end; Don Scott, center; Tommy Spreer, back, who was under study to Ralph "Pete" Petrillo last year; and Mario Rosini, a hard-running back, who may come around to do the squad a lot of good.

### Many Stars Missing

Newburgh goes into the 1946 season as defending DUSO champs minus such outstanding stalwarts as Ralph Petrillo, Walt Lastowski, Bob Sandner, Blackie Dorazio, Bill Ondriska, Bob Bauer and Don Ruckdeschel. These men formed the hard-hitting eleven which defeated Kingston twice last year by 7-0 and 25-0.

During Elder's season work with the squad he said "regarding those boys, especially the backfield men, will be no simple feat for any coach but we've got some good-looking prospects and if some of these new boys come along as I have an idea they will, Newburgh's rivals will at least know they've been in a ball game." Elder added, "it would be asking far too much to predict any title-winning by such a squad. I would say that the newcomers hold the key to the team's success."

The boys who are back will more than hold their own, but they'll have to have plenty of help."

With Freeman holding down one of the end positions, the fight for the other flank slot is being fought by Ed Judson, John Gryzbowski and Warren Eggleston. Wendell Sylvester, a husky 210-pounder from Long Island who transferred to Newburgh, may be D'Addio's mate at tackle.

**Guard Slots Open**  
Four candidates are battling for the two open guard positions. They are Sal Aulogia, Al Zinzie, McIntyre and Ralph Yoza. With Don Scott clearly set to open at center, Newburgh may tag along with Jack Muldowney as alternate.

Headed by just two backfield stalwarts in Spreer and Rosini, Newburgh's secondary at the present time is a very questionable subject.

Others scrambling for positions with the ball-lugging department are John Dubaldi, Chan Chaucey Zeilman, Don Aulogia, Don DeLuca, Gus Yoza, Don La Faro, Joe Petrillo, Denny Lawrence and Carl Janotti.

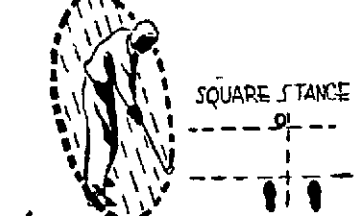

Newburgh will appear here in a DUSO League night contest Friday, October 25.

From Kingston take Rts. 9 to Freedom and 22 direct to Barrington Fair grounds.

## Grade School 'Farm System' Started for Grid Players

## Better Golf

By SAM SNEAD

4. I like today's picture because it shows so well the ideal plane through which to swing a club. This swing is in as nearly a vertical plane as a human being could make it. The player who is heavily built in the middle must necessarily use a flatter swing. The player who lacks distance often compensates by using long-shafted clubs, which have the club-head leading from the shaft at a flatter angle than normal. And, by using a club so designed, this player must use a flat swing. But unless you fit into one of these two classes of players, the upright swing should be your preference. There are obvious mechanical reasons why this is so. Pictured at the right is a square stance. I prefer an open stance, but many good players use the square stance. The player who has difficulty in swinging inside-out may find the square stance or even the closed stance, which means the right foot is farther back from the direction line than the left, a help in straightening out the shot, by making it easier to swing inside-out across the direction line.

(Protected by John F. Dille Co.)

## Puppet Show Is To Visit County as Good-Teeth Help

Chicago Magician Will Present Show in Area's Schools Next Week

The Ulster County Tuberculosis and Health Association is sponsoring the second in a series of dental puppet shows for children in the schools of Kingston and Ulster county September 16th through September 24th.

A magician from the Good Teeth Council for Children, Inc., of Chicago will present the show. The Tooth Magic Show, for pupils from kindergarten through the eighth grade in the schools not covered during the last semester. He stresses four ways to take care of the teeth: Eat the right food; exercise your teeth; keep your teeth clean; see your dentist regularly.

Various schools will be grouped so that a minimum audience of 50 will be present.

The performances will be given at the following schools:

September 16  
Phoenicia, St. Francis de Sales Hall, 9 a. m.; Woodstock, Town Hall, Main street, 11 a. m.; Kings-

ton, School No. 2, Montrepose avenue, 2 p. m. (including School No. 1).

September 17

Kingston, School No. 8, Franklin street, 9 a. m.; Kingston, School No. 8, Franklin Street, 11 a. m.; Accord, Rochester Reformed Church Basement, 2 p. m.

September 18

Kingston, School No. 7, Crown street, 9 a. m.; Kingston, School No. 7, Crown street, 11 a. m.; Port Ewen, Port Ewen Reformed Church Hall, 2 p. m.

September 19

Kingston, School No. 6, O'Neil street, 9 a. m.; Kingston, School No. 6, O'Neil Street, 11:00 a. m.; Kingston, School No. 6, O'Neil street, 2 p. m.

September 20

Kingston, School No. 5, Wynkoop Place, 9 a. m.; Kingston, School No. 5, Wynkoop Place, 11 a. m.; Stone Ridge, Stone Ridge Grange Hall, 2 p. m.

September 21

New Paltz, Auditorium of New Paltz State Teachers College, For children of New Paltz Central School District Kindergarten, 8th grade, 9 a. m.

September 22

Clintondale, Clintondale Grange Hall, 11 a. m.; Rosendale, St. Peter's Hall, 2 a. m.

September 23

Saugerties, Main Street School gymnasium, 9 a. m.; Lake Katrine, Lake Katrine Grange Hall, 11 a. m.; Kingston, School No. 3, Chambers street, 2 p. m. (including Lutheran School).

Alabama is known as the cotton state.

## Benefits to City and County Under Moore Plan Outlined

When the 1946 Legislature passed in full the recommendation of the Commission on Municipal Revenues, headed by State Comptroller Frank C. Moore as chairman, the city of Kingston, the county of Ulster and all of its cities, towns and villages entered upon a new era of greater financial assistance from the State.

Under the new plan of state assistance, popularly called the Moore Plan, taxpayers of Ulster county will enjoy the benefits of more state money than ever before. Moreover, these increased amounts will be paid to the county and its units according to carefully constructed formulae.

As a result of this plan the uncertainties and inequities of state assistance have been eliminated and now, for the first time, municipalities can anticipate with confidence its full and just share of revenues from the State. An unprecedented opportunity is now at hand for local officials to plan the fiscal future of every community of the State.

**Gains to Ulster and Municipalities**  
Chief gains and benefits under the Moore Plan locally are as follows:  
New York State will pay more money to the City of Kingston, Ulster county and its localities under the Moore Plan in the next five years than was received from the State during the last five year period under the old system of tax sharing, despite the fact that the last five years were war-inflated years of abnormally high tax revenues.

In the last five fiscal years from taxes shared with the

State, Ulster county's communities received \$1,273,662. From one phase of the Moore Plan alone, (substitution of flat cash guarantees for the old fluctuating shared taxes), the same communities in the next five years will receive \$1,818,126 from the State—a gain of \$544,464.

**City Will Gain \$408,749**

The City of Kingston alone will gain \$408,749 in the next five years in per capita payments over what it received in shared taxes during the last five years.

For the first time the localities will know in advance how much their revenues from the State will be from year to year. This eliminates the uncertainties of the old system under which payments were smaller when local needs were greatest.

Because each community will receive its just and fair share the inequities of the old system are also eliminated.

Possibly of greatest importance to local governments in New York State is the new security resulting from State assumption of 80 per cent of the local cost of the four major welfare services, safeguarding municipal finance from the shattering impact of future depressions.

In the first quarter of this year Ulster county received from the State for welfare reimbursement \$87,422.33. Under the old rate of reimbursement the county would have received only \$50,829.89. Thus, this one provision of the Moore Plan meant a gain of \$16,592.44 in January, February and March. Even if welfare costs do not continue to rise still further, this figure projected on an annual basis will mean a gain this year of \$66,369.76 to Ulster county taxpayers as a direct result of this single phase of the Moore Plan. Because this projection is based on local welfare costs of January, February and March, which have been steadily rising since that period, these estimates are almost certain to be exceeded. By this same projection the taxpayers of Kingston will realize a minimum saving of \$22,874.64 this year.

**Assumes Snow Removal Cost**  
The State now assumes the

full cost of snow removal from State highways in counties, towns and villages. This would have meant a saving in the winter of 1944-45 of \$16,855.82 to county taxpayers.

Of profound importance, now and in the future, is the fact that communities are far better off today because of the Moore Plan than they would have been without it. The shift from the old system of shared taxes to the new plan of direct cash payments stabilized at a high level was made in the nick of time. State receipts from franchise, income and beverage taxes, in which communities used to share, are declining. It is obvious that each locality's share, if the old system had been allowed to continue, would also be declining. The new plan not only stabilizes municipal finances but has assured greater revenues than localities would have been receiving today if the old system of tax sharing had not been abolished.

Other recommendations of the Moore Commission for increased state assistance to localities enacted prior to 1946, which resulted in added revenues for Ulster county's communities, included:

**Permanent surrender by the State to localities of all revenues from the mortgage tax, one-half of which was formerly retained by the State. The total collected since January 1, 1944 in Ulster County for this tax was \$85,579.63. Thus, as a result of the Commission's recommendations Ulster County gained \$42,789.82 revenues formerly claimed by the State.**

**Assumption by the State of the entire cost of acquiring rights-of-way for new state road construction. This expense was formerly borne by the county.**

**Temporary distribution to the cities for local debt reduction of proceeds of state collected two per cent utility tax as an interim measure pending completion of the final plan of State assistance. Acting on the Commission's recommendation the Legislature made this money available during 1944 and 1945 only, terminating its distribution automatically on April 1, 1946 when the new plan went into effect. The City of Kingston received a total of \$106,503.51 from this source of added revenue. This was applied to reduction of the city's debt under one of the provisions of the law which made it available.**

**Reimbursement of \$79,330.12 for extraordinary expenditures for snow removal during the heavy winter of 1944-45. This added assistance was Ulster County's share of a \$5 million Legislative appropriation made available upon the Moore Commission's recommendation.**

**County Got \$228,623**

Thus, in interim recommendations alone, before the permanent plan took effect this year, the Moore Commission sponsored legislation which brought a total of \$228,623.43 in added revenue to Ulster county.

In signing the Moore Commission bill on March 30, 1946, Governor Dewey said:

"These bills mark a milestone in the history of the State's fiscal relationship with its localities."

"This whole program which is the product of three years of continuous labor constitutes a magnificent achievement of which we may all be proud. It does not dispense with the need for good government, either in the State or in its localities, but it does make possible financial stability for both if proper management is exercised, barring catastrophe of such scope that neither the State nor its people have any control over the causes or responsibility for the consequences."

The foregoing "dollars and

## Veterans May Get Applications for Special Vehicles

Approximately 200 Men Are Eligible in Area for Automobiles at U.S. Expense

Application blanks are available today at all Veterans Administration offices in New York State for an estimated 2400 disabled state veterans who are eligible to obtain specially equipped automobiles at government expense, it was announced today by David P. Page, acting deputy administrator for New York.

Approximately 200 veterans in the Albany Regional Office Area, which covers the 20 eastern New York counties, are expected to file, according to Charles C. Adams, Albany Regional Office Manager. Veterans in the Albany-Troy area can secure their blanks from Veterans Administration offices located at the Watervliet Arsenal, 112 State street, Albany; and 297 River street, Troy.

In explaining the basis of which veterans are judged eligible for the specially built automobiles Adams said: "Veterans of World War II who have lost one or both legs at or above the ankle or who have lost the use of one or both legs are eligible to receive automobiles, station wagons, jeeps, trucks, tractors, or other vehicle of their choice." The total cost of the vehicle, including the special attachments, must not exceed \$1600. All claims must be filed before June 30, 1947.

**Steps To Take**  
Adams listed the steps which must be taken between the time the veterans receives the application and the dealer delivers the vehicle.

The veteran must obtain the form and fill out Section One of the blank in duplicate. He then sends the form to the Albany Regional Office, where his claim is checked. When the veteran receives his form back from the

Veterans Administration, he takes it to the state licensing authority which indicates he is qualified to drive the automobile, and lists the special devices necessary for the automobile's safe operation. The veteran next presents his application to the car dealer, with whom he draws up a sales agreement. This is forwarded to the Veterans Administration for approval. The Veterans Administration then sends copies of the approval to the veteran and the dealer, who delivers the automobile to the veteran. Payment is made only to the dealer.

**Henry Singer Director**  
At the annual meeting of the New York State Council of Retail Merchants, Inc., held at Saratoga Springs on the day, Henry Singer, president of the council, was elected a director of that organization. The council consists of retail merchants located in every county of the state and is organized to promote their interest at local, state and national levels.

**Murphy Reappointed**  
Patrick T. Murphy of 17 Henry street has been reappointed a member of the Board of Public Works for a term of four years, it was announced today by Mayor W. F. Edelmuth. Commissioner Murphy's term as a member of the board had expired September 8, and he was named to succeed himself.

## Steelman Told To Settle Strike

Continued from Page One

pattern" policy which has prevailed since February.  
 Ross was asked whether he meant that the White House had set "a kind of mental deadline for settlement today," and he replied "yes."  
 Meanwhile, A.F.L. seamen today denounced as a "threat to the entire labor movement of the United States" the decision of the Wage Stabilization Board in standing pat on its earlier ruling denying them wage hikes above those won by C.I.O. seamen.

Facing a fight to the bitter end, they promised to carry out "plans to secure the support of the entire U. S. labor movement—including A.F.L., C.I.O. and independent unions—to aid us in our fight to regain the right of free collective bargaining which the W.S.B. action has denied us."  
 An earlier telegram to the W.S.B., the strike leaders termed the board's action "criminal and union-busting," and added:

"The further continuance of the greatest general maritime strike in the history of the United States rests squarely on your shoulders and the shoulders of those individuals who voted to deny our hard fought-for wage gains."  
 The W.S.B. decision brought immediate repercussions along the strike-torn coastal ports of the nation where the world's greatest maritime fleet lay virtually immobilized behind a chain of picketing seamen.

In Philadelphia, maintenance crews which had been allowed to cross picket lines to strikebound ships during the strike were barred, a union official said, because of the W.S.B.'s refusal to approve a further wage increase. Only licensed ships officers and physicians were permitted to pass.

The Marine Firemen, Oilers, Wipers and Waterenders Union, an independent organization, announced its 15,000 members throughout the nation would join the A.F.L. strike today.

Harry Lundeberg, secretary-treasurer of the Sailors Union of the Pacific and president of the Seafarers International Union—the striking unions—said in San Francisco that all Pacific coast shipyards as well as ports would be "closed tight" today.

"The Metal Trades Council (A.F.L.) has pledged its full support," he said after a meeting with the Maritime Strike Committee. "We will picket the shipyards and docks and the metal trades workers will back us."

Commenting on the W.S.B.'s action, Lundeberg said:

"I didn't expect anything else from the senile board. They're afraid to change their minds. They didn't want to hurt their vanity."  
 The strike was provoked by the W.S.B.'s August 25 ruling limiting to the \$17.50 a month increase secured by C.I.O. seamen the wage boosts negotiated by the A.F.L. seamen. The S.I.U.-S.U.P. originally was asking for \$22.50 monthly on the west coast and \$27.50 on the east coast. Similar raises were won by the Marine Independent Union.

**Board Vote Is 4-2**  
 Last night the stabilization board voted 4 to 2—with labor members dissenting—in Washington not to back down on its earlier ruling.

"No further action is contemplated by the board," announced Chairman W. Willard Wirtz.  
 Following the close of a joint S.I.U.-S.U.P. strike committee meeting last night in New York, the strike leaders announced they had passed a resolution declaring:

"That in the event the W.S.B. does not meet our demands in every rating—to the penny—that we buckle down in readiness for a long, hard fight until we do get our demands."

"That the entire resources and apparatus of the S.I.U.-S.U.P. will be geared to a long strike—as long as necessary to win our just demands."

Earlier yesterday the Joint Strike Committee urged a 24-hour work stoppage by all American labor in the event the W.S.B. rejected the union's demands.

Telegrams urging such a stoppage were sent to Philip Murray, president of the C.I.O., and William Green, president of the A.F.L. Paul Hall, S.I.U. organization director, said last night the joint

committee had received no replies to its telegrams but in Washington a C.I.O. spokesman said there was "absolutely no chance" the C.I.O. would order such a demonstration in view of Murray's policy of observing contracts.

The C.I.O. National Maritime Union, which has been respecting the A.F.L. picket lines, called a meeting of its National Council in New York today to discuss a possible strike beginning early tomorrow morning.

The Maritime Association of the Port of New York, an organization of ship operators, announced it had appealed to President Truman for a special session of Congress to meet the national emergency.

**New York Trucks Resume Work as Answer to Tobin**

Continued from Page One

flow of trucks going to and coming from New Jersey through the Holland Tunnel was 10 to 15 per cent above yesterday's volume.  
 Many of the trucks bore placards reading "signed up" and identifying the union local by number. These included Locals 27 and 641, both of New Jersey, and 816, a Manhattan local. These drivers had been idle in sympathy with the 15,000 New York strikers.

No strikers appeared at three locations on the Boston Post road in the Bronx where they had been stopping inbound trucks for the past several days. Truck traffic there was heavier than on any day since the start of the strike.

Trucks were in front of many Bronx grocery stores unloading supplies. Some proprietors said they had started to receive groceries "just in time," before their shelves were bare.

Police reported that truck traffic on all bridges, tunnels and ferries into the city had "increased noticeably."

**Pravda Scores Movie**  
**Man's History Ignorance**

Moscow, Sept. 12 (AP)—Sergei Eisenstein, Russian motion picture director, stood accused by Pravda today of "ignorance in portraying historical facts" because he depicted the "progressive troops of Ivan the Terrible's life guards as a gang of degenerates similar to the American Ku Klux Klan."

The Communist Party organ, in an article written by B. Suchkov, also charged that Eisenstein erred in showing "Ivan the Terrible, a person of strong will and character, as weak-charactered and without will, such as Hamlet."

Suchkov's article declared that "Soviet moving picture art was not and cannot have any other interest except the interest of the state, nor any other task than the task of educating the people particularly the youth in the spirit of the great idea of Lenin and Stalin." The picture, he said, failed to meet the qualifications.

**Cigarettes Are Lifted**  
 Paris, Sept. 12 (AP)—Nineteen American soldiers, who arrived from Iceland today on 10-day passes to Paris, were halted going through customs and relieved of 567 cartons of cigarettes which they admitted planning to sell on the French black market, an officer at Orly airport said. At current prices the cigarettes would have brought more than \$8,000.

## Curran Says McElroy Acted Irregularly

New York, Sept. 12 (AP)—Thomas Curran, New York county chairman today charged the newly-appointed Democratic state campaign manager with indulging in "misrepresentations and deliberately falsified generalities" in attacking the administration of Gov. Thomas E. Dewey.

Francis L. McElroy, the Democratic campaign manager, "declared Tuesday that Dewey, Republican candidate for re-election, had failed the veterans and the people of New York and was 'attempting to use the state's surplus as a political slush fund'."

In reply, Curran, secretary of state, declared yesterday McElroy had achieved "the highest degree of idiocy reached in the Democratic campaign," and added:

"Inaccuracies in campaign statements are, of course, to be expected from an opposition made desperate by lack of an issue. But, glaring misrepresentations and deliberately falsified generalities constitute insults to the intelligence of the people of the state, and definitely do not help the candidacy of the choice of the radical elements in the state for governor."

Curran maintained that Dewey's veterans' program has been "hailed as leading every other state in the union in its pioneering, skillful planning, prompt execution, and non-partisan approach to all the vital problems of veterans."

Golden rod is the state flower of Alabama.

degree of idiocy reached in the Democratic campaign," and added:

## LeFevre Speaks At Rotary Club

### Congressman Tells of a Typical Day's Activities

Congressman Jay LeFevre gave an informal talk on a typical day's activities of a Member of the House of Representatives before the Kingston Rotary Club Wednesday. The congressman was the guest of William O'Reilly, program chairman.  
A flood of mail, telegrams, long distance telephone calls, committee meetings and the sessions of Congress were included in the day's work. The congressman in his brief talk also outlined the procedure of bills from introduction to final passage or rejection. Letters from constituents covered a wide range of subjects including nylons. Organized groups used the mails in large volume to present their cases.  
There are some 10,000 service clubs in the country, representing businesses and professions and the congressman thought it might be a good idea for these groups to

better acquaint citizens with their work.  
He also urged the sending of letters to representatives expressing views on proposed legislation. In citing a case of too much red tape in government, he told of a G.I. from Milton who had purchased equipment from the War Assets and was held up several weeks before securing the property waiting for the necessary papers to go from the 7th floor to the 13th floor. Personal contacts by the congressman got the papers on their journey and the G.I. his equipment he had purchased.

## News of Our Own Service Folk

First Lt. Robert Guier of 10 VanBuren street, Kingston, and Cpl. Edward J. McNicholas of Milton are among men from the New York area, discharged from the Army on September 9 at Fort Dix.  
P.F.C. Joseph T. Baxter of Saugerties and T/5 Fay B. Spears, Jr. of Middleport, were discharged from the army on September 10, at Fort Dix.

There are about 300,000 registered nurses in the United States.

## Two Drivers Arrested For Traffic Violations

Two automobilists were arrested by the police yesterday, one for making a left turn from Broadway into Greenkill avenue and the other for failing to obey the signals of a traffic officer.  
Morris H. Friedman of 169 Wurts street, charged with failure to obey a traffic signal to halt, forfeited \$2 bail by not appearing in police court today in answer to the charge. Officer Louis Sapp, Jr., who made the arrest, charged that while he was on traffic duty at Broadway and Andrew street, he blew his police whistle three times and held up his hand, but that Friedman refused to halt his car.  
John P. Elwood of Delhi, also forfeited \$2 bail by non-appearance in court today. He was charged with making the left turn into Greenkill avenue from Broadway.

## PAY AS YOU RIDE

A small down payment and 8 monthly payments buys auto insurance, if you want credit. You need insurance to avoid trouble and possible loss of your driver's license.  
For \$5.00 you can buy \$1,100 fire insurance on furniture in a dwelling in Kingston for 3 years. The policy also covers up to \$10 in any place outside the home.

What if someone falls on your sidewalk or is injured on your premises? \$5 a year insures a private home against such claims.  
Plate glass insurance does not cost much. Ask for an estimate.  
I have a monthly payment plan which enables business men to pay insurance premiums out of income. It's a confidential, convenient insurance service.

for lower cost **HEAT** that can't be beat!  
**Fairbanks-Morse Automatic Stokers**  
Yes, with Fairbanks-Morse Stokers, automatic heat can cost actually less than hand-fired heat. Users have reported savings from 20% to 50% or greater.  
You see, with a Fairbanks-Morse Stoker, you not only burn less coal but you use the cheaper sizes of coal. A patented device, "Fire-Trol," is largely responsible for the amazing combustion efficiency of Fairbanks-Morse Stokers. It automatically regulates the amount of air necessary to insure complete combustion.  
Come in... and see these sensationally advanced automatic units today!
